CARRY THE CITIES

DEMOCRATS WIN IN LARGE TOWNS OF OHIO.

TOM JOHNSON'S FINE VICTORY

SINGLE TAXER IS ELECTED MAYOR OF CLEVELAND.

JONES AGAIN WINS IN TOLEDO

ELECTIONS IN MANY STATES ARE HELD TODAY.

Cincinnati, April 2.—In Ohio the vote yesterday was unusually large for the local elections of April. There were local option contests in some villages. The "drys" won at Lebanon, the county seat of Warren county, and in many smaller places, but the "wets" claim they came out better than they expected.

Democrats won in the large cities, making their most notable gain in Columbus, where Hinkle (dem.) defeated Taylor (rep.) for mayor.

Tom L. Johnson (dem.) succeeds John Farley (dem.) as mayor of Cleveland, and Samuel M. Jones was elected for a third term at Toledo.

At Cincinnati there was no election. The republicans won for minor offices at Dayton and elected M. L. Milligan mayor of Springfield, the first republican mayor of that city for eight years. Mayor-elect Milligan is a brother-in-law of Senator Fairbanks, of Indiana.

With the exception of Cincinnati and Springfield the democrats control all the large cities, but the republicans made gains in nearly all the smaller cities and in the townships.

TOM JOHNSON'S VICTORY.

Cleveland, Ohio, April 2.—One of the fiercest campaigns in the history of Cleveland closed last night with the election to the mayoralty of Tom L. Johnson, democrat, over William J. Akers, republican, by a plurality that may go as high as 6,000. The republicans, despite the slaughter of Candidate Akers, secured the election of the other candidates on the city ticket by small pluralities.

"GOLDEN RULE" JONES WINS.

Toledo, Ohio, April 2.—Samuel M. Jones has been elected to succeed himself as mayor of Toledo. His majority over McMaken will be about 3,000. Jones announced himself as a non-partisan candidate and his nomination was secured by partition, the papers being widely circulated and signed by the majority of the working men.

COLUMBUS IS DEMOCRATIC.

Columbus, Ohio, April 2.—John N. Hinkle, democrat, is elected mayor over Henry C. Taylor, republican, by about 200 plurality. The present administration is republican.

EVANSVILLE REPUBLICAN.

Evansville, Ind., April 2.—Official returns give Covert (rep.) a plurality over Boehne (dem.) of 89 votes for mayor.

VOTING IN CHICAGO.

Chicago, April 2.—Chicago voted today for a complete city and aldermanic ticket. Weather conditions were disagreeable owing to mixture of snow and rain, and up to a late hour in the morning a light vote was generally reported. Exceptions were noted in one or two wards where more than usual interest centered in the aldermanic contests, notably in the Twenty-first, the home ward of Mayor Harrison, where Honore Palmer, son of Potter Palmer, was the democratic aldermanic candidate.

Both democratic and republican party leaders professed confidence in spite of the light vote.

Chairman Lorimor, of the republican committee, claimed Judge Haney's election by at least 10,000, while friends of Mayor Harrison claimed a plurality of at least 20,000.

Voting in the most heavily republican wards of the south and north sides was reported as unusually light and early in the day workers were sent out to urge the voters to the polls.

No trouble of consequence was reported from any ward and up to 11 a. m. only one arrest had been made for alleged illegal voting.

Municipal elections were held in many of the smaller cities of Illinois. At Decatur there was little interest and a light vote was polled early owing to heavy rains.

At Rock Island lively interest was manifested early and the vote will be large.

At Aurora a non-partisan ticket opposed the republicans. A heavy vote was brought out despite a snow storm.

At Rockford little interest was taken. A light vote was cast early and it was generally conceded the republican ticket will carry in the city and county.

The first serious trouble over the election occurred shortly after noon, when Frank Hurley, a democratic worker at the twelfth precinct of the Third ward, was shot and probably fatally wounded by Thomas Moriarity, a republican worker. Moriarity claims he shot in self-defense.

The volume of voting increased somewhat all over the city as the day wore on, but the most liberal estimates did not place the probable vote at over 275,000—about two-thirds of the registration. The polls closed at 4 o'clock.

ST. LOUIS CONTEST.

St. Louis, April 2.—Balloting for a world's fair mayor and a complete municipal ticket began at 6 a. m. The polls will close at 5 p. m.

There are six tickets in the field, as follows: Democratic, republican, good government, public ownership, social democratic and socialist labor.

Great interest is being displayed in the contest and in almost every precinct there was a long line of voters ready to cast their ballots when the polls opened, despite damp weather. The registration was heavy and from present indications the vote will be the same. Indications are that the labor vote will be scattered.

BIG CASH DEAL MADE TODAY

HARRY A. WIEBKE BUYS BUSINESS PROPERTY.

Acquires Building at 33 Calhoun Street for a Cash Consideration of $12,525.

A good-sized deal in down town business property was consummated today when Harry A. Wiebke purchased the building at 33 Calhoun street, which he has for some years occupied as a saloon.

The property was a part of the Agster estate, and while not extensive in area is regarded as very desirable from its central location. The consideration of the transfer was $12,525, which amount Mr. Wiebke calmly handed over in cash.

TO BE LIKE SHANGHAI.

Berlin, April 2.—The Pekin correspondent of the Cologne Gazette says China has agreed to the proposal of the powers to make the Island of Kwang-Su, near Amoy, an international settlement, modeled after Shanghai.

TO BE BURIED HERE.

The remains of Mrs. S. Frank, who died in Chicago yesterday morning, will arrive over the Pittsburg at noon tomorrow and the remains will be taken to Lindenwood cemetery for interment. Mrs. Frank was very well known in this city, having visited here a number of times. Mrs. I. Weil, of West Wayne street, is a niece of the deceased. Mrs. Frank leaves a family of two sons and five daughters, her husband having died some years ago.

MORE PAY, SHORTER HOURS.

Buffalo, N. Y., April 2.—A circular made public today addressed to the street railway employes of the Buffalo, Lockport, Niagara Falls and Lancaster lines announces that a request would be made of the Buffalo Railway company for a ten and one-half hour day, 25 cents an hour for motormen and conductors, and certain modifications of the company's discipline. The Buffalo Railway company yesterday announced an increase of 20 cents a day in wages

SALOON WAS BURGLARIZED.

Hugo Blumbach, proprietor of a saloon on East Creighton avenue, reported to the police today that his saloon was burglarized last night, the thieves getting between $7 and $8 in cash, two of whisky and some cigars. Entrance was gained by breaking through a rear window.

The Will Walters who was charged with disturbing a religious meeting, and Will Walters, of East Lewis street, in justice to the latter, it should be stated, are two different individuals.

WILL RAZE FORTS

DEFENSES AT TAKU SOON TO BE DEMOLISHED.

WILL BE A GREAT BENEFIT

COURSE OF THE RIVER WILL BE IMPROVED.

CHINA WILL SIGN TREATY

NO DOUBT IN RUSSIA OF THE FINAL OUTCOME.

Pekin, April 1.—Regarding the destruction of the forts the generals are practically agreed that those at Taku, Shan Hai Kuan and Tien Tsin must at least be rendered useless while the north fort at the entrance of the river Taku must be destroyed entirely on account of the fact that ever since it was built it has caused lower water on the bar, having diverted the course of the stream.

The merchants have frequently complained to the consuls, but no government has liked to ask China to destroy a fort at the entrance to an important river.

This, however, can now be done as a matter of military necessity, and will give foreign merchants intense satisfaction, as in consequence of its being done the river will in a short time again be navigable as far as Tien Tsin.

IN PAO TING FU.

Pao Ting Fu, Saturday, March 30.—(Via Pekin Sunday, March 31, by post to Che Foo)—Though Pao Ting Fu may be reached in a few hours by railway it is practically unknown to foreigners now in Pekin. Marvelous stories and rumors pass as current facts, but are entirely without foundation. After the occupation of Pao Ting Fu an agreement was entered into between the allies and the Chinese that the former should not advance beyond the province of Chili and that the latter should not go beyond ten miles inside the Shan Si province. The Chinese have frequently broken that agreement and have been attacked by both Germans and French in different parts of the province. Chi Li at present has 10,000 Chinese troops, commanded by Liu-Kluantes, the famous black flag leader, within twelve miles of Huo Lee, where there are 3,000 French troops, who are anxious to make an attack but are restrained by positive orders from Pekin, M. Pichon (the French minister) having informed General Voyron, commanding the French troops, that he had received instructions from France to the effect that the government does not desire aggressive action on the part of the troops.

Provided the Chinese do not advance, which is not considered likely, there is little chance of a collision.

Early in March fifteen Germans were attacked near the border and two men were killed. Two thousand soldiers entered Shan Si province through the Ante-Suling Pass, driving the Chinese beyond Shai Quan, and then retiring to Ante-Suling, where they are now in camp.

French officers state that Shan Si has a different people from the Chi Li province, the inhabitants being more arrogant, daring the foreign troops to enter. The French have large supplies at Cheng Ling and Huo Lu, including camel trains.

Pao Ting Fu is entirely peaceful and its condition is better than that of any city occupied by the allies. Chinese officials conduct the entire government of the city, the French and German commission acting in an entirely advisory capacity, and never interfering except in cases where flagrant injustice has been done, when they act as a sort of court of appeals.

Most frequently they have been called upon owing to the interference of Catholic missionaries and the exaction of extortions.

French officers say that if it is customary in ordinary times to subject the native converts to extortion, even when they are palpably in the wrong, China has a grievance that would not be tolerated by any other country.

Lieutenant Reeves, the military attachee of the United States legation, recently reported to Mr. Squires, the charge d'affaires, a similar state of things regarding Catholic missionaries.

CHINA MUST ACCEPT.

St. Petersburg, April 2.—The superior councillor of the Chinese legation, Chu-We-Jte, is continuing the negotiations as charge d'affaires, regarding the Manchurian agreement. The illness of the Chinese minister, Yang-Yu, is now admitted to be due to apoplexy, which will incapacitate him from work, probably, for a long period.

It is said that the loss of his estate through the destruction of a Chinese bank, combined with political cares, is undermining his health.

Unofficial observers scarcely understand how a doubt can possibly be entertained abroad that China will ultimately accept the Russian conditions if apparent that no power is willing to forcibly support China.

For, as it is urged, while Russia undoubtedly prefers to carry out the plans as made, her diplomatic position would suffer as little as her military position from China's refusal to accept what Russia regards as moderate conditions of withdrawal.

RICE WAS LIVING TOO LONG

WHAT PATRICK THOUGHT OF OLD MILLIONAIRE.

Valet Jones Says He Got Poisons for Lawyer, After It Was Decided to Remove Rice.

New York, April 2.—At the afternoon session of the Patrick hearing Jones, the valet-secretary of Millionaire Rice, testified that Patrick asked him whether he did not think that Rice was living a little too long for their purposes. "I said I thought so," said Jones, "and Patrick suggested that we put him out of the way. I suggested Dr. Curry, but Patrick said Dr. Curry would not do anything of the kind."

Jones said that then at Patrick's suggestion he procured chloroform and laudanum from his brother in Texas, and delivered it to Patrick.

Jones said that he gave the poison to Patrick about three weeks before Rice's death. He also testified that Patrick was never introduced to Rice, that Rice never saw Patrick but once, and that he did not know Patrick when he saw him.

PRIMARY FIGHT UNDER WAY

DEMOCRATS NAME DELEGATES THIS EVENING.

Hot Contests for Councilmen Are On in Third and Eighth Wards—How it Looks.

The democratic primaries are in progress this afternoon, commencing at 4 o'clock, and in some of the wards the contests are quite spirited. In the Fourth, Fifth and Sixth wards there is no competition, but in the Third and Eighth wards the fight is hard, though unembittered. In the Third affairs are particularly badly mixed, although to an impartial observer it looks as though Ed Lennon and Councilman O'Ryan have the best of the argument as the polls open. In the Eighth it is the field against Miller and Gombert, and in the Second a desperate effort is being made to defeat William Hosey for re-nomination. The Ninth ward looks very much like Sordelet and Boltz, and in the Tenth the old councilmen will probably be returned. Mr. Scheid in the Seventh will also have a busy time, as the principal effort seems to be directed against him. The indications are that there will be a large vote out in the contested wards. It is generally conceded that Schmidt will receive the nomination for city clerk by a handsome majority.

MINERS LOCKED OUT.

Hazelton, Pa., April 2.—The six hundred men employed in the colliery of Coxe Bros. & Co. have been locked out. When the men went to the mines this morning they were sent home again. The company wants the miners to report earlier for work, but the men refuse to do so. No move has been made for a settlement.

DOG WAS DAFFY.

At noon today Officer Pappert killed a dog near the corner of Calhoun and Jefferson streets. The animal was mad and terrorizing pedestrians in that vicinity.

The seven-year-old son of Mr. and Mrs. J. J. Lynch, of Brandriff street, met with a most painful accident yesterday. The child fell down stairs and sustained a severe shaking up, receiving painful cuts and bruises.

AGUINALDO SWEARS ALLEGIANCE TO UNITED STATES.

WILL BE A GOOD FILIPINO

ACKNOWLEDGES SUPREMACY OF THIS GOVERNMENT.

OFFICIAL NEWS RECEIVED

GENERAL M'ARTHUR CABLES WAR DEPARTMENT.

Washington, April 2.—Secretary of War Root has just made public the following cablegram received at the war department this morning at 8 o'clock:

"Manila, April 2.—Adjutant General, Washington: Since arrival at Manila Aguinaldo has been at Malacanan investigating conditions in archipelago. He has relied almost entirely upon the instructive advice of Chief Justice Arellano. * * *

"As a result today he subscribed and swore to the declaration on page 11 of my annual report.

"MacArthur."

The oath referred to is as follows: "I, ————, hereby renounce all allegiance to any and all so-called revolutionary governments in the Philippine islands and recognize and accept the supreme authority of the United States of America therein; I do solemnly swear that I will bear true faith and allegiance to that government; that I will at all times conduct myself as a faithful and law-abiding citizen of the said islands, and will not, either directly or indirectly, hold correspondence with or give intelligence to an enemy of the United States, nor will I abet, harbor or protect such enemy; that I impose upon myself these voluntary obligations without any mental reservations or purpose of evasion, so help me God."

Four asterisks in the cablegram mark a passage withheld from publication, about which the officials will say nothing now.

Notwithstanding the taking of the oath by Aguinaldo he still will be held as a prisoner by General MacArthur.

It is possible he may be granted more liberty of action, but he will not be afforded complete freedom for the present. The action of Aguinaldo in taking the oath, it is believed at the war department, will have a far reaching effect in the pacification of the islands.

IN JUSTICES' COURTS.

"Cy" Swaim and H. Hemphill, two of last year's Fort Wayne ball club, who go to Colorado Springs this year, were capiased yesterday afternoon by M. C. McDougall, of the Fort Wayne club. During the winter McDougall loaned Swaim $25 and Hemphill $45, taking their notes for the amounts, payable one day after date. He understood at that time that the men would play with Fort Wayne this year and was to deduct the amount from their salaries this year. Learning that they were about to leave the state to report to their clubs he instituted capias proceedings before Justice France. Hemphill immediately telegraphed Billy Hulen at Colorado Springs and says he will have the money here today. He acknowledged the debt, but says it was a loan pure and simple and that he all the time intended to pay it as soon as he got the money. Swaim, on the other hand, denies the justness of MacDougall's claim, although he admits getting the money. Last summer Swaim was fined $90 for an exhibition of petulancy and insubordination and this fine he thought excessive. Mr. MacDougall, Mr. Larwill and other stockholders, Swaim says, admitted that the fine was unjust and said that they would see that it was paid back and agreed to repay him their share at any time. When Swaim got the $25 he says it was with the understanding that it was part payment of the $90 withheld. It amounted to more than Mr. MacDougall's share, but he was to retain enough to make him even when the others paid their pro rata. He says he is willing to pay back the money as soon as he gets it, excepting Mr. MacDougall's pro rata share of the refunder. Mr. MacDougall, on the other hand, says there was no agreement or arrangement of any kind. Swaim says he is a resident of Fort Wayne and does not expect to remove his family or chattels from the state and will take advantage of the $600 exemption law.

William Doolittle was arrested yesterday and taken before Justice Tancey, where he was fined $30 and costs for Sabbath desecration. He was charged with furnishing liquor to Boehm, Woodward and Koulph, the three boys who were arrested on Sunday for being drunk. Other cases will follow this one.

WILL MEET IN CALIFORNIA.

San Francisco, April 2.—The interstate commerce commissioners and the members of the varous railroad commissions are to meet here in joint session on June 4. The delegates and members of their families will number about 300. The California commissioners are arranging for the entertainment of visitors from the east.

CONFIRMATION ADMINISTERED

BISHOP WHITE OFFICIATES AT TRINITY CHURCH.

Class of Young People and Adults Are Admitted to Membership—An Impressive Service.

Bishop John Hazen White, of the Michigan City diocese of the Episcopal church, administered the rite of confirmation to a class of adults and children at Trinity church last night, and the service was a solemn one. The edifice was well filled and the special musical program by the vested choir, consisting of songs appropriate for the occasion, added much to the impressiveness of the occasion.

The evening prayer was conducted by Rev. A. W. Seabrease, rector of the church, and the confirmation ceremonies were then conducted by Bishop White. The bishop delivered a sermon of great spiritual interest, which contained much good advice for the young people and adults who were about to become a part of the congregation. The speaker impressed on the minds of his hearers the solemnity of the occasion and explained clearly what constituted coming into the presence of God. It is not a matter of mere passing import, but one that would concern the entire future. Indifference and worldliness are not the right attitudes before the sanctuary of the Lord; to enter that sanctuary and bend the knee is the right of the sinner through his belief in the death of Christ for the redemption of the world.

Bishop White's sermon was replete with good advice for those about to embark in the new life, and his words made a deep impression on his hearers. In conclusion Bishop White cautioned the newly confirmed class that they were but entering the religious battle, and that the conflict between good and evil would continue as long as they lived. He admonished them to keep ever before them the responsibility of a Christian life and to live up to the standard as nearly as possible that is required of one of Christ's family.

GROSS RECEIPTS $107,500

BIG FIGURES FROM THE FORT WAYNE POSTOFFICE.

Business of the Past Year Was Phenomenal—It May Mean an Increase in Salaries.

For the financial year ending March 31, upon which the class standing of all postoffices in the United States is figured, the Fort Wayne postoffice shows a total of gross receipts that exceeds $107,500. This showing is the more remarkable when it is known that the increase was in no way stimulated or artificial, but is the natural growth of improved business conditions.

From the departmental standpoint Fort Wayne is easily second in Indiana, its nearest competitor, Evansville, being more than $10,000 in the rear on the year's business. The percentage of expenditures to receipts for the year would have placed the office in the $110,000 class and entitled the entire force from the postmaster down through the list to a substantial increase in salary, and Postmaster Page believes the showing, together with the low expense percentage, will result in the granting of the increase which has been applied for, despite the fact that the prescribed mark was not quite reached.

Mrs. J. M. McKay, of Lake avenue, is seriously ill.

A DOUBLE MURDER

JOHN GULICK KILLS MOTHER AND BROTHER.

A PENNSYLVANIA TRAGEDY

BOTH VICTIMS WERE SHOT TO DEATH.

NO MOTIVE KNOWN FOR DEED

MURDERER COOLLY MAKES HIS ESCAPE.

Sunbury, Pa., April 2.—A double murder was committed at Kleinsgrove, a small country village, a few miles from this city, today. The murderer is John Gulick, aged 32 years, and his victims were his mother, Mrs. Amy Gulick, aged 68 years, and his brother, Philip, aged 27 years.

After committing the terrible crime Gulick coolly placed the smoking revolver in his pocket and walked off in the direction of Danville.

Harry Moore, living on an adjoining farm, heard the shots and hastened to the Gulick home. The mother was found lying on the floor of the kitchen and the son was found in the barnyard with a bullet hole near his heart.

Both had been instantly killed.

What led to the commission of the crime could not be learned.

The murderer is still at large.

THE TRADES COUNCIL FAIR.

At a meeting of the band leaders last night the following assignments were made for music for the first five nights; the assignments for the remaining nights will be made later: Wednesday, April 10, Wayne Tent band; Thursday, 11th, Fort Wayne City band; Friday, 12th, Arion band; Saturday, 13th, Shober's First Regiment band; Monday, 15th, Olympia band. Messrs. Rose and Logan, of the committee appointed to sell season tickets to the fair, report encouraging progress and all the other committees are working intelligently to make the fair a stupendous success. Among the novelties to be presented will be a souvenir booth. Letters have been sent to President McKinley, Vice President Roosevelt, Senator Fairbanks, Governor Durbin, Samuel Gompers and fifty other men prominent in the public eye, explaining the character of the fair and asking for a slight souvenir of some kind that can be offered for sale—a handkerchief, paper of pins, twenty-dollar bill or any old thing that can be sold. Samuel Gompers has already responded with a handsomely bound book and Secretary Cortelyou has written acknowledging the receipt of the request and saying that the attention of the president would be called to it. On the opening night there will be a parade of union bodies headed by a band, and every night there will be special features of some kind.

BELIEVE BOY WAS STOLEN

NEW YORK POLICE SUSPECT KIDNAPING AFFAIR.

Ten-Year-Old Has Been Missing Since Last Wednesday Night—Police Have No Clue.

New York, April 2.—After vainly running out every clue the police became convinced last night that Willie McCormick, jr., a 10-year-old High Bridge boy, who disappeared last Wednesday night, is the victim of a kidnaping plot.

Police Captain Gannon in discussing the case said:

"I am firmly convinced that the boy has been taken by designing persons and that he is being held by them.

"This boy was never known to be away from home over night. His habits were good and there had been nothing to drive him away from home. I am of the opinion that he is being held here in New York city."

Willie is the son of a retired florist living in Ogden avenue, High Bridge. The child has eleven sisters. His mother is prostrated from grief and anxiety and the father almost equally so.

The St. John's Lutheran Sewing society will hold its annual meeting at Mrs. Weller's residence, 121 Harrison street, Wednesday afternoon.

S WEAK WOMEN STRONG AND SICK WOMEN WELL.

THEY THIRSTED AND HE GAVE

TWO STRANGERS ARRESTED FOR BEGGING.

A Man With an Humble Air and a Cut Over His Eye Admits the Prowess of His Wife.

Notwithstanding the inclement weather there was a liberal assortment of jags, etc., at police court this morning when the whistle blew. The first cases called were those of Thomas Johnson and Frank Miller, charged with vagrancy and public begging. These two sporty gentlemen accosted a well-known young man yesterday afternoon and told him a hard luck story of starvation, but kept their thirst carefully concealed. They were very hungry and felt as though they would have to resort to work in order to get something to eat unless someone relieved them. The generous hearted sucker dove into his pocket, fished out his last quarter and handed it over and then looked in a mirror to see whether he could see his well satisfied conscience sticking out through his face The grateful starvelings gave him the merry ha-ha and made a straight shoot for the Log Cabin saloon, where they were soon appeasing their ravenous hunger with sundry copious tankards of foaming lager. The generous hearted young man envied them and having no more quarters to buy lager for himself he informed an officer of the game that had been worked on him and the two speculators were soon in jail. The mayor fined them $5 each, but on their promise to leave town in an hour he suspended sentence.

WILLIAMS AND HIS WOES.

Benjamin Williams showed up with a meek and lowly bearing and a fresh cut over his eye. His m. and l. bearing was due to the presence of his wife in the other room and the cut was also due to the same party. Williams got tired last August and has not felt like working since. His wife works at the Paragon factory and supported the family and paid rent, giving her husband house room in the rear. Occasionally he would kick down the door leading to his wife's apartments and sometimes when in an extraordinarily playful mood he would thump her and lock her out doors altogether. Last week during a fit of absentmindedness Williams took a small job of work for his brother and when he got paid he proceeded to institute a rough house at the Miller domicile. He went to bed with a bottle of whiskey and tried to spit on the ceiling. His wife sent for an officer several days ago after he had knocked her down several times and kicked in her door. The officer succeeded in restoring peace and Williams was left alone with his wife and his bottle. Last night he got another jag and another bottle and belted his wife over the eye. She had a lamp and a knife in her hand and she let drive with both. The lamp missed fire but the knife landed over her lord's eye and left a cut an inch and a half long; she then sent her little boy for Officer Borgman, who arrested Williams and his bottle and brought both to the station. Mrs. Williams testified to all the above statements and said she could live with him no longer and would bring divorce proceedings. Williams took one look at his wife and then humbly admitted that he had nothing to say. The mayor sent him over $5 worth.

POLICE NOTES.

A bright looking young fellow giving his name as Charles Miller, who had been electioneering too zealously on Columbia street, was found in D. C. Fisher's barn very drunk. He said he had gone into the barn so that he could keep away from the police, but it appears that he made a mistake. He said he had never been arrested before and was a hard working lad, so the mayor fined him $1 and suspended judgment.

William Walters, wanted for disturbing a religious meeting on West Main street, could not be found yesterday by the officers. At the meeting he blew out the gas and when the officers went for him he blew out of town. His mother declares he is a victim of persecution and did not disturb the meeting, while Rev. Mathews says he is the toughest kid in the west end.

Officer Coling is looking up the boys who turned in a false alarm of fire from Hanna and Creighton avenue last evening. He will bring in somebody, he says, if he has to hire a kid.

A burning chimney at the residence of Jacob Busching called the fire department to No. 137 Wells streets last evening.

A lad giving his name as Charles Henry, living with his parents at 228 East Lewis street, applied at the police station for lodging last night. He told a story of rough treatment by his parents and said he was working as cash boy at a down town store and his father told him if he ever lost his job he would take the hide off him. He was discharged yesterday afternoon and was afraid to go home.

The board of safety met last evening and instructed the chief of the fire department to investigate the price of water heaters to be placed on the fire engines.

TREASURY BUYS BONDS.

Washington, April 2.—In accordance with Secretary Gage's announcement that he would buy from time to time the short bonds at an investment rate realizable to the investor who buys the new 2 per cents., should the market price for the new 2's remain on the present basis, the treasury department was today tendered $2,000,000 government short bonds on practically the same basis as the 2's returned at the current market quotation of about 106½. Exact figures cannot yet be given, for the details have not yet been completed, but it is practically certain that the secretary has availed himself of the opportunity to purchase bonds in accordance with his announcement.

MEETING IS POSTPONED.

IT is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. High quality and low cost: is there any better combination?

COMES TO FORT WAYNE.

(Bluffton Banner.)

Fred Stevens went to Fort Wayne this morning and will be permanently located there as he has bought a half interest in the Aveline hotel. The deal has been under way for some time, but nothing concerning it was made public until today when he went over to take charge of his new business. He will be associated with W. D. Jones, who has managed the house for the past twelve years, and will have one of the leading hotels in the northern part of the state and the best patronized in Fort Wayne. Mr. Stevens has been in the hotel business since he was 16 years of age, and in that time has been connected with the Mineral Springs hotel at Mount Clemens, Mich.; National, at Laporte; Bliss house, in this city, and the Clinton, at Kokomo.

Do you want direct help for kidney trouble? Ask Pellens & Polster for Dr. Iman's Kidney Cure. It saves thousands from suffering. Will improve your health at once. Try it.

Have You Been Ill?

If very sick, you had a doctor. That's right. We believe in doctors. They are among our best friends.

Now that you are recovering, don't you think that a bottle or two of Ayer's Sarsaparilla would do you great good? Ask your doctor about it and do just as he says.

We believe he will tell you that this blood-purifying and nerve-strengthening medicine is just what you need.

It will certainly take out all the impurities in your blood, caused by your sickness, and will make you feel better in every way. $1.00 a bottle. All druggists.

Kendallville Sun: "Julius Lang, jr., went to Fort Wayne today to visit at the bedside of his mother-in-law, Mrs. Bramer."

MRS. FISKE IN "BECKY SHARP."

The long anticipated engagement of Mrs. Fiske in "Becky Sharp" is drawing near and as the time approaches the interest increases until at this time no attraction of the season's offerings has created the talk and the enthusiasm. Mrs. Fiske will appear at the Masonic Temple theater next Monday evening and the sale of seats will begin at the box office Thursday morning. The following scale of prices has been adopted by her manager, Mr. Walsh. Lower floor, $1.50 and $2.00; balcony, 75c and $1.00. In offering this attraction the management have no apology to make; the prices comport with the dignity of the star, and are the same charged in every city Mrs. Fiske plays. In Chicago, St. Louis and all the large cities of the west her art is considered far greater than Bernhardt or Duse and critics place her at the head of the great actresses of America in the present day.

DR. M'FARLAND'S LECTURE.

Dr. A. J. McFarland, pastor of the Covenant Presbyterian church at Beaver Falls, Pa., addressed the members of the Ministerial association and a few visitors in the Berry street M. E. church on Monday. Dr. McFarland's address was on the subject of the proposed amendment to the constitution, recognizing the name of God and His laws as the basis of civilization. Mr. McFarland is an earnest advocate of the amendment, and his address made a deep impression on his hearers.

An exhibition of Belgian hares in the window of H. G. Granneman's drug store is attracting much attention from the throngs who pass along Calhoun street daily. The pretty animals are from E. R. Gesaman's Fort Wayne rabbitry.

ANSWERS A QUESTION.

Mrs. Rorer's Reply in Ladies' Home Journal.

"I consider coffee as it is usually made in the American family—strong and from the pure bean—an injurious drink, especially for nervous people.

"No doubt the student to whom you refer can study better after taking a cup of coffee, but the new energy is caused by a stimulant, the effects of which will soon wear off, leaving him lower in nervous force.

"That is the reason he has headache and feels so miserable when he is without coffee. If it is only the hot drink he requires why not take a cup of clear hot water or a cup of Cereal Coffee?"

Mrs Rorer is one of the most eminent authorities on food in America. She knows that Americans go on day by day using food and drink that sap their vitality instead of building it up, and it requires argument oft repeated to wake them up. Broken wrecks of humanity stumbling along, unable to carry out their cherished plans, are all about us, and their physical weakness is nearly always due to improper food and drink. Coffee is a skilled destroyer of nervous strength. Postum Food Coffee is a delicious food drink made from selected parts of cereals that yield the elements Nature demands for rebuilding the nerve tissue all over the human body.

If it has ever been served to you in a weak, unpalatable drink, have it made over again and use two spoons to each cup and know that the actual boiling continues full 15 minutes. Our word for it, the Postum Coffee is delicious when properly made.

DR. AARON LECTURES TONIGHT.

Dr. Charles D. Aaron, of Detroit, Mich., will deliver a lecture this evening in the assembly room of the court house, before the members of the Allen County Medical society. Dr. Aaron is a specialist in diseases of the stomach and his lecture will be along that line. It is expected that several members of the society from out of the city will be present.

DOCTORS ARE LOCATING.

Two of the graduates in the Fort Wayne College of Medicine's class of 1901 are already arranging to engage in the practice of their profession. Dr. John D. Mercer goes to Helmer, Steuben county, while Dr. Francis McEvoy will locate at Geneva.

MORGAN AND THE CANAL.

New York, April 2.—Charles R. Flint, when asked last night regarding the report that J. P. Morgan had formed a plan to buy the Panama canal, said: "I have heard something of it, though nothing definite. I know nothing about it myself."

The Tribune this morning says: "J. Pierpont Morgan yesterday denied that his recent visit to Washington was in any way connected with the affairs of the Panama Canal company, or that he had any intention of visiting the property, as was reported in dispatches from the national capital."

GO TO DISTRICT MEETING.

Mrs. Charles Shaw has been elected to represent the Fort Wayne temple of Rathbone Sisters at the district meeting to be held at Lagrange May 2 and 3. She will be accompanied by Mrs. Charles Braun, the M. E. C., who will deliver an address. It is probable that quite a large number of Fort Wayne members will attend.

Mrs. Ervin Bickford entertained a surprise party at progressive pedro last evening. The party met at the home of Mrs. H. C. Zollinger and proceeded to the Bickford home.

It is in order for Editor Stead to prove there is nothing going wrong in Russia by declaring that his friend the czar is the nicest of men.

The government ought to put General Funston on the trail of the thieves in the Philippine army. He would have the whole gang of looters bagged and ready for trial before the moon changes.

What probably hurts the republican party of Toledo more than all else is the fact that "Golden Rule" Jones was first elected mayor as a republican. He left that party and now appears to have barred it from power as long as he wants to hold office in Toledo.

When Hon. Tom L. Johnson was nominated for mayor of Cleveland it was announced that the great single taxer's ambitions were in an ascending series. He desired to be mayor of Cleveland, then United States senator from Ohio and finally president of the United States. He has made good start by being elected mayor of Cleveland. Does the rest of it follow?

Congressman Babcock's proposition to repeal tariff duties on trust-made articles meets with decided favor in Wisconsin and some other western agricultural states. Republican representatives from the east, however, think the passage of the Babcock bill would ruin the country beyond possible repair. Congressman Russell, of Connecticut, has been talking on the subject to the newspapers, and declares that he will never support such a measure unless it can be made to affect some other fellow's product exclusively. In plain English, no tariff protected industry is protected enough to suit its beneficiaries, and there is likely to be a union of the representatives of all protected industries to prevent the passage of the Babcock bill in the next congress.

On April 18 the chancellor of the exchequer will present the annual budget to parliament, and it is believed in England that as a means of raising additional revenue to meet the war burdens he will propose a customs duty on wheat. Should he do so, we may expect to see a heated agitation all over the United Kingdom. The old anti-corn law spirit is not dead, and it may be open to question whether parliament would sanction a return to the system of tariffs on food stuffs at the present juncture. It is perhaps improbable that the liberals will make a party question of the matter, or try to defeat the government on the proposition. Were they to do so, they might find themselves in the saddle and compelled to relieve the present ministry of its unwelcome task of tax gathering in behalf of the South African rat hole.

STRIKE STATUS UNCHANGED

PAINTERS AND PAPERHANGERS MUCH ENCOURAGED.

Customers Assure Them of Support and Sympathy—New Members In—Meeting Tonight.

There is little change in the strike situation today, beyond the fact that the union painters and paper hangers announce that they have been much encouraged by substantial assurances of sympathy and support from customers, who state that they will have no work done until the present differences between the union and the contractors is satisfactorily adjusted. They say the situation is most favorable, and they hope for an early recognition of their requests.

The union organization is proceeding carefully and in a systematic manner, and a score of committees are at work. This morning at the union meeting ten new members were received, bringing the membership up to about 120. Another meeting will be held this evening. The officials of the union state that they have been investigating the charge that journeymen have been contracting and thus taking work from the bosses, and are unable to find any member of the union who has been violating the rule which absolutely prohibits this.

Most of the contractors evidence a disposition to do what is fair and right in the matter, but they say they can not see their way clear to accepting the scale of the union so long as present conditions exist; that many painters and paper hangers contract and do their own work, thus bidding as low as they choose. The employers will hold a meeting this evening in the rooms over the Citizens' Trust company, and it may be that within the next twenty-four hours some satisfactory adjustment may be reached between the employers and the union workmen.

SITUATION COMPLICATED.

In discussing the strike situation today, L. O. Hull said: "While the majority of employing painters and paper hangers are perfectly willing to sign the scale proposed by the members of the Painters' and Decorators' union, it is to their interest that we should not do it. That may sound strange, but the facts of the case warrant the statement. For instance, if we paid the men according to their demand, thirty cents per hour for the paper hangers and twenty-seven cents for the painters, in order to make both ends meet we would of necessity have to advance the price of wall paper to our customers, and then what would be the result? Why, the paper hangers who work independently could buy the paper cheaper in Chicago or some other large city and hang it for considerably less money than we, who would pay higher wages, could. Very naturally these men would get about all the patronage and then our men would be idle. It would be much more to their benefit to accept the present scale of twenty-five cents an hour than to be out of work. I pay my paper hangers twenty-five cents an hour and the painters twenty cents, and I believe that this is as high a rate as any other firm in Fort Wayne pays, but I have not made a cent in five years in this line.

"The situation is a most complicated one and the only compromise that can be effected, as far as I can see, that would not injure either side, would be for the members of the union to agree to accept the scale that has prevailed. If every shop in the city could be unionized, it would put an entirely different face on the matter, for then there would be no cutting, but this is virtually impossible. Every independent hanger would not come in and the outsiders would cut under those inside. The masters are perfectly willing to accede to every reasonable demand, but under the present conditions it would be impossible to pay the proposed scale without actual pecuniary loss."

CARPENTERS AT WORK.

Rumors of trouble between the union carpenters and their employes are pronounced to be without foundation. It is said the union is rapidly getting its wage scale accepted by the contractors, and that several of the latter signed the agreement this morning. Twenty new members were received into the carpenters' union last evening.

L. J. Lallow, business agent of the Carpenters' union, stated to The Sentinel this morning that there were no union carpenters in the employ of contractors who had not signed the scale, and that but four members of the union were not at work.

I have been a sufferer from rheumatism for over twenty years. I have tried everything almost that I could find and found no relief. About two months ago Mr. George Godfrey told me to take Wright's Rheumatic Remedy and it would surely cure me. I tried it and am now on my third bottle and find it has cured me. I cannot recommend your remedy—Wright's Rheumatic Remedy—too highly, and I wish to say to my friends, if you are suffering from rheumatism or kidney trouble, by all means use it.

IN A DENTAL CHAIR

DEATH CAME QUICKLY TO MRS. ARTHUR CRAYTON.

HAD TAKEN LAUGHING GAS

IT PRODUCED PARALYSIS OF THE HEART.

POST MORTEM SHOWS CAUSE

WEAKENED HEART WALL AND FATTY DEGENERATION.

Mrs. Arthur M. Crayton, residing at 63 Boone street, died very suddenly while seated in a dental chair at the United States Dental parlors, on Calhoun street, Monday afternoon. The distressing affair occurred shortly after 4 o'clock. Mrs. Crayton had taken nitrous oxide gas and the coroner's post mortem shows a diseased condition of the heart that caused fatal consequences from the use of an anaesthetic that is generally accepted as the safest known to the medical profession. Death was due to paralysis of the heart following the use of the nitrous oxide.

Mrs. Crayton was apparently in excellent health and had done a heavy day's work at her household duties before she went to the office in company with a neighbor, Mrs. Andrew Craig, to have two teeth extracted. Dr. J. A. Williams, senior member of the dental firm, says the teeth were abscessed and that Mrs. Crayton asked to have them extracted painlessly. Nitrous oxide gas is almost universally recognized by the profession as harmless, and it is said that it is used in thousands of cases in this city every year. Dr. William, who most deeply deplores the sad affair, says it was administered with the patient's consent, though Mrs. Craig stated that as for herself she would not take it for all the money in Indiana.

HALF THE USUAL DOSE.

Dr. Williams says that not more than half the usual amount was administered to the patient and the two teeth were quickly extracted. At the beginning of the operation Mrs Craig seemed to be overcome by the sight of the anaesthetic effects and left the room. Only Dr. Williams, his wife, who was assisting in the operation, and Miss LeGrass, residing at 106 Spy Run avenue, remained. After the teeth were drawn Dr. Williams applied ammonia to the nostrils to revive the patient, and in response to instructions Mrs. Crayton made a feeble effort to expectorate. About ten drops of whisky were administered and the patient swallowed this.

Despite the prompt and continued efforts to resuscitate her Mrs. Crayton did not revive, but feebly gasped a few times and expired. Dr. W. E. Stemen was hurriedly summoned from his office across the street and arrived two minutes later, but his efforts to restore the patient were fruitless. Death had ensued before he could reach the sinking woman.

HELD A POST MORTEM.

Coroner Barnett was summoned and the remains were removed to Peltier's undertaking establishment, where a post mortem examination was held by Dr. C. E. Barnett. Dr. Barnett says it disclosed that death was due to paralysis of the heart and that the fatal effects of the gas were due to the weakened condition of that organ. He states that he found a very pronounced degeneration of the heart and that the wall of the right auricle was extremely weak, being no thicker than tissue paper. The taking of the gas irritated the heart in its weakened condition, causing complete paralysis of that organ. Dr. Barnett says the heart's condition was such that any unusual excitement would have produced a rupture of the heart wall and have resulted in death, and he does not believe that death could have been long delayed even had the gas not been used. Kidney trouble of a pronounced type was also present.

NOTIFIED THE HUSBAND.

The terrible news that his wife was dying was borne to the husband, who is a painter employed by the Indiana Road Machine works, and he hurried to the city. Death had ensued and the remains were at the undertaking establishment before he could arrive. After the post mortem the body was removed to the saddened home on Boone street.

Mrs. Crayton was but twenty-nine years of age and was a most estimable lady, who possessed a wide circle of friends, to whom the news of her sudden death is a profound shock. She was a daughter of Mr. and Mrs. Levi Binkley, of Lake township. Her marriage occurred eight years ago. Besides her husband and parents she leaves four small children and five sisters and a brother.

The funeral services will be held from the residence Wednesday afternoon at 2 o'clock, Rev. J. C. Breckinridge officiating. The interment will be at Lindenwood.

FURTHER POST MORTEM.

It was further stated this afternoon that in response to the desire of friends a further post mortem examination upon the remains of Mrs Crayton would be conducted by the family physician, Dr. G. B Stemen, who was not present at the coroner's examination.

ABOUT THE CITY HALL.

The committee on rules, regulations and ordinances met at the city hall last night to confer with the electrical workers and others interested in the passage of the ordinance providing for the appointment of an electrical inspector. The matter was discussed at great length and the necessity for such an official was most vividly demonstrated. Telephone linemen and electrical constructors explained to the committee that the scarcity of fires resulting from improper wiring is simply a matter of good fortune. Some of the wiring is shockingly done, it was stated, and the exposure of linemen is very dangerous owing to the fact that electric light and trolley wires have the insulation so badly worn off that it is absolutely perilous to undertake to handle a wire in the air, except with the greatest caution. All these dangers could be averted if the electrical construction was properly done under the supervision of an expert in the first place. The ordinance will be amended to provide for the proper insulation of trolley cross supports, and with a few other amendments will be presented to the council with a recommendation that it pass.

At the meeting of the board of works yesterday Emmet Martin and twenty others asked for the paving of Williams street, from Calhoun to Clinton, Buchanan street, from Lafayette to Winter. The petition was filed. A declaratory resolution was passed for vacating an alley running north from Putnam street to the alley south of Archer avenue, and the engineer was instructed to prepare plans for relaying the sidewalks on the west side of Warsaw street, from Taber to Pontiac, and for new sidewalks on the west side of Warsaw, from Taber to Suttenfield.

WILL LECTURE ON LAW.

IT IS IMPORTANT.

To Know What You Are Taking When Using Catarrh Medicines.

Catarrh is the short route to consumption, and the importance of early and judicious treatment of catarrh, whether located in the head, throat or bronchial tubes, cannot be too strongly emphasized.

The list of catarrh cures is as long as the moral law and the forms in which they are administered, numerous and confusing, from sprays, inhalers, washes, ointments, and salves to powders, liuids and tablets.

The tablet form is undoubtedly the most convenient and most effective, but with nearly all advertised catarrh remedies, it is almost entirely a matter of guess work as to what you are taking into your system, as the proprietors, while making all sorts of claims as to what their medicines will do, always keep it a close secret as to what they are.

The success and popularity of the new catarrh cure, Stuart's Catarrh Tablets, is largely because it not only cures catarrh, but because catarrh sufferers who used these tablets know what they are taking into their systems. Stuart's Catarrh Tablets being composed of Eucolyptol, Hydrastin, Guaicol and similar valuable and antiseptic ingredients, and are pleasant to the taste and being dissolved in the mouth they take immediate effect upon the mucous lining of the throat, nasal passages and whole respiratory tract.

The cures that Stuart's Catarrh Tablets have accomplished in old chronic cases of catarrh are little short of remarkable, and the advantage of knowing what you are putting into your stomach is of paramount importance when it is remembered that the cocaine or morphine habit has been frequently contracted as the result of using secret catarrh remedies.

Stuart's Catarrh Tablets meet with cordial approval from physicians, because their antiseptic character render them perfectly safe for the geneneral public to use and their composition makes them a common sense cure for all forms of catarrhal troubles.

All druggists sell them at 50 cents for full sized packages.

Omega Oil

IN OLD AGE—As people get old their bodies dry up, like plants when winter approaches. Their skin wrinkles and their joints harden. The back aches. The shoulders and arms get lame. The legs become weak. The feet are tender and sore. The natural oils of the body are exhausted, and something is needed to produce the strength and vigor that Nature herself supplies in the earlier years of life.

The best thing for this is Omega Oil. It is a godsend to the aged if ever there was one. It makes the declining years of life free from the pains that come as the days go by. Many a grandfather and grandmother find in Omega Oil the only thing that does their aches any real good. They simply rub it on their sore spots, and the pain stops. It is good for everything a liniment ought to be good for.

Never take a substitute for Omega Oil. If your druggist persistently refuses to give what you ask for, the Omega Chemical Co., 257 Broadway, New York, will mail you a bottle, prepaid, for 50c in cash, money order or stamps.

WABASH TO FORT WAYNE

PERU CAPITALISTS PROJECT A NEW ELECTRIC LINE.

Company, Headed by A. N. Dukes, Incorporated at Indianapolis —Sticks to Towpath.

An Indianapolis dispatch says the Fort Wayne and Wabash railway company was incorporated Monday, with a capital stock of $50,000. Its electric line will extend from Fort Wayne to Wabash, a distance of about forty-two miles, passing through the counties of Allen, Whitley, Huntington and Wabash. The railroad is to be built along and on the line of the old Wabash and Erie canal. The incorporators are Aaron N. Dukes, Richard A. Edwards, Wilhtm B. McClintick, L. C. Stewart, John F. Unger, Elbert J. Dukes and E. W. Shirk, all of Peru.

Mr. Dukes originally took up the electric railway proposition several years ago and secured an option upon a portion of the old canal towpath owned by H. C. Paul, Charles McCulloch and C. S. Bash, of this city. The line was never built and the owners, claiming Mr. Dukes' option has expired, recently sold the towpath between Roanoke and this city to the Fort Wayne and Southwestern company, which is now building upon it. Mr. Dukes filed a suit in the superior court here to restrain the transfer to the Southwestern people, but was non-suited and has now appealed to the supreme court. The Nickel Plate road is also pressing a claim on Mr. Dukes for a part of the canal property and last week the Southwestern people began proceedings at Huntington to condemn the canal from Roanoke to that city. All in all, the towpath seems to be in lively demand as an electric line right-of-way and it will have to be widened to hold all the roads projected upon it.

A FORT WAYNE COMPANY.

Indianapolis, April 2.—The Atlas Metal Pile company, of Fort Wayne, capital stock, $20,000, was incorporated yesterday. The incorporators are Maurice Goldberger, Charles S. Bash and John M. Landenberger.

CHOKED ON A PIECE OF MEAT

IGNATIUS GEISER EXPIRES AT THE SUPPER TABLE.

Uncooked Ham Lodged in His Throat and Could Not be Removed—Seventy-one Years Old.

Seated at the supper table at the Nine Mile house, in Pleasant township, Monday evening, Ignatius Geiser, seventy-one years of age, choked to death upon a piece of meat which lodged in his throat and defied all efforts to remove it. The remains were left in a sitting posture until the arrival of Coroner Barnett two hours later.

Geiser was unmarried and for some years had made his home with John J. Reehling, in Pleasant township, working about the neighborhood at such employment as was offered. Monday morning he complained of illness and drove with Mr. Reehling to Poe to consult Dr. Lafollette. From Poe Geiser walked to Nine Mile, arriving about noon, and went to the hotel owned by Anthony Bubb.

Geiser stated that he was ill and was given permission to lie down. He did not arise until late in the afternoon, and when supper was announced ordered some raw ham. The meat was brought to him, but the first bite he took lodged in his throat, causing violent suffering. Others who were about the house did everything possible to relieve the unfortunate man, but the effort was futile, and he died in a short time, still seated in his chair. Mr. Geiser had no immediate relatives in this county. He was a cousin of Joseph Mommer, of this city. The remains were removed to Mr. Reehling's home, where the funeral will be held Thursday.

PIONEER GONE FROM EARTH

MRS. SARAH M. WEIKART DIED THIS MORNING.

Was a Resident of St. Joe Township Forty-five years—Other Deaths and Funerals.

Mrs. Sarah Martha Weikart, a pioneer resident of St. Joe township, died at 4 o'clock this morning at the home of her daughter on Ruth street. Mrs. Weikart was seventy-eight years of age, and her death was due to stomach trouble, from which she has been a sufferer for some months.

For forty-five years Mrs. Weikart was a resident of St. Joe township, where her husband died seventeen years ago. Three months ago the aged lady came to the city to make her home with a daughter. She was widely known and highly esteemed. Surviving are five sons and four daughters. They are Jacob, James, Morris, Curtis and Sylvester Weikart, Mrs. Margaret Bogart and Mrs. Sarah J. Knight, of this city; Mrs. Lavina Parker, of St. Joe township, and Mrs. Laura Meese, of Churubusco.

The funeral services will be held at a time to be announced later. The interment will be at the St. Joe cemetery.

STRAW.

Mrs. Sarah E. Straw, of Bluffton, died this morning from cardiac failure at St. Joseph's hospital, where she had been a patient for the past three weeks. Mrs. Straw was 49 years of age and the wife of D. F. Straw.

The remains will be shipped to Bluffton this evening.

FUNERAL ANNOUNCEMENT.

Lehmeyer.—The funeral of Mrs. Dorothy Lehmeyer will be held Wednesday afternoon at 2 o'clock from the residence in Adams township, and at 2:15 o'clock from St. Martin's Lutheran church, the Rev. Stock officiating.

DANCING TO GRAPHOPHONE MUSIC.

With the general introduction of the graphophone, as a provider of dance music, says the Trenton, N. J., Times, the occupation of the old time "fiddler" will be largely done away with. The graphophone has already been tried in Trenton with very satisfactory results and the novelty is likely to be continued. The old saying that "he who dances has to pay the fiddler" will need to be changed to the more modern phrase of he who trips the light fantastic will have to contribute toward the purchase of some new records. The graphophone appears to be but in its infancy as regards its practical uses. By and by it will replace the young man who practices incessantly on the cornet and the young lady who drums continually on the piano and then the whole neighborhood will rise up and call it blessed and erect a monument in memory of its inventor.

The Columbia Phonograph company, No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

A PESSIMISTIC VIEW.

London, April 2.—Presiding today at a meeting of the Barrow Hoematite Steel company, the duke of Devonshire, lord president of the council, took a pessimistic view of American and other foreign competitors. He said the total orders for rails given to British makers in 1900 had now reached 50 per cent. of the orders given during the preceding four years. Competition did not account for the whole decrease Either less rails were required or buyers were waiting in expectation of lower prices.

PLOT TO ASSASSINATE.

Berlin, April 2.—The Vossiche Zeitung today prints a special dispatch from Lemburg, in which, based upon information received from Warsaw, it is said that the Russian minister of the interior, Privy Councilor Simiaguine, was recently shot at, but that the plot to assassinate him failed.

The students of the University of Warsaw have been preparing a great demonstration as a mark of sympathy for their Russian comrades.

In Poulavy the Astronomic institute has been closed because the students have engaged in riots.

In Bialystok, Russian Poland, a socialist funeral occasioned big riots. Thousands of persons paraded the streets singing revolutionary songs and shouting, "Long live liberty."

The military finally quelled the disturbance, but not without considerable bloodshed.

ABOUT BASE BALL.

There is an almost universal protest from the National and minor league players against the new base ball rules adopted by the National league at its schedule meeting, and which will be enforced this season in all organizations playing under the national agreement. The only players not bound by the new rules are those of the American league and the college and semi-professional independent teams throughout the country. It is now claimed that these obnoxious rules were responsible for several of the National league players deserting the old organization, and it was in a measure due to that fact that the American league magnates decided at the spring meeting to play under the rules in force last season. The new rules that are the most objectionable are: Calling legitimate fouls strikes, unless two strikes have been charged to the batsman; permitting pitchers to hit batsmen at the expense of only a called ball; penalizing pitchers for throwing to bases, to catch base runners, thus giving the latter a big advantage; forcing pitchers to deliver the ball within twenty seconds after taking position in the box.

SOME NEW RULES.

Bats this year must be made entirely of hard wood, though some overzealous players may acquire a few of other compositions during the season.

Under the new rules a pitched ball hitting the batter will be scored as a ball, but there is nothing in the rules to prevent a strike being made against the pitcher after the game.

The Spalding League ball or the Reach American ball must be used in all games, but those of Scotch make will undoubtedly be popular in practice after the games.

If the umpire calls "game" on account of darkness or rain at any time after five innings have been completed, the home team being at bat with three men on bases and needing but two runs to win the game, it shall be permissible for the spectators to mob the umpire.

A fielder must use his hands, not his hat, cap or any other object, in catching a ball and fielding the same, but on the local field in case the ball lodges in the tree in right field a ladder may be brought into play.

NOTES OF THE GAME.

Norman Brashear will leave for St. Louis next Tuesday, where all of the Kansas City team will report on the 10th. The club will remain in that city five days, two for practice, and will play exhibition games with the National league team on the 13th, 14th and 15th, and will then go to Kansas City.

Indianapolis players were ordered to report at that city to commence practice this morning. Watkins agreed to furnish snow shoes.

The Anderson team has been officially turned over to Grand Rapids. These players, with those signed elsewhere, gives the Michigan town a pretty fair line-up of about eighteen men.

Dayton has signed a new left-handed pitcher, John R. Moore. Pitcher Wicker, of the Dayton team, has been given a leave of absence until April 20. Wicker is coaching the Indiana University team.

George Ellis, of the Grand Rapids team, has made George Rettger an offer to pitch for the Michigan town. Rettger would shine in the Western association.

Wadsworth, who pitched for the locals last year, will not wear a Fort Wayne uniform this year, having thrown down Fort Wayne in favor of Jack Glassock's Minneapolis team. Waddy, who is a fine pitcher, is an unusually heavy batter.

Mansfield fans want base ball this year, and they are talking of organizing a state league to consist of Mansfield, Akron, Sandusky, Canton, Newark, Findlay and Zanesville. Every effort will be made to form a league comprising the above mentioned cities.

Tom Letcher, who covered center garden in Fort Wayne a part of last season, will do stunts in the middle field for Omaha this year.

The Indianapolis Press says: "Charles Strobel, of the Toledo team, who was in the city yesterday, left for home last night. It is not believed that he got any satisfaction from John T. Brush in his effort to have the National league restore to him Catcher Beville and Turner and Hartman. These players were signed by Western league clubs after the Interstate league had failed in renewing its right to protection."

The Marion club has elected the following officers: President, Sol Allman; secretary-treasurer, C. W. Halderman; manager, F. D. Brosier, assistant manager, E. J. Ansley. The make-up of the Marion team has not yet been made public.

Frank Motz, who will be remembered as the big first baseman of the Indianapolis Western league team, has been engaged to manage, captain and play first base for the Columbus club. Manager Motz was notified that his terms had been accepted and ordered to report at Columbus today.

H. C. Gastreicht this morning telegraphed his acceptance of terms as a Western association umpire. His acceptance now completes the staff.

Manager Miller has ordered all players to report here April 10. They will commence dropping in about Monday next. Fricken was telegraphed $50 advance money today.

President Meyer has completed his schedule for the season. His, with others, will be submitted to the club owners who will meet at the Galt house at Louisville next Saturday night. The schedule will probably be given out for publication about next Monday.

Mayor Scherer today received a telegram announcing the death at Elgn, Ill., of Conrad Bechlinger, his wife's cousin. Mr. and Mrs. Scherer will leave tomorrow night to attend the funeral, which will be held on Thursday. Mr. Bechlinger frequently visited here and was well known in the city.

THE DAY ON WALL STREET.

New York, April 2.—There were wide openings on the transfer of heavy blocks in the United States Steel stocks and Burlington, the latter rising a point at the extreme high level.

Manhattan was strong at an advance of over a point and a number of the constituent stock companies and also the independent companies were strong at gains of a point in some cases.

St. Paul rose a point and the majority of stock showed fractional gains, but there were a few important exceptions on the side of light losses.

General selling followed Burlington's rise of 2¾ and St. Paul and Delaware rose 1⅛. Practically every railroad and industrial stock of prominence declined below yesterday's closing. The advance in Tennessee and United States Steel was wiped out, but when Colorado Fuel advanced 4 points all the Steel stocks hardened. Enormous offerings met the rise in United States Steel stocks and they reacted again to below last night's.

Generally speaking prices fell from ½ to 2 points below last night. Prominent stocks among the Pacifics, Trunk lines, local tractions, Coalers and specialties were a point or more under last night.

Quick profit-taking by the bears caused some fractional rallies before the end of the hour.

Stocks which had wrecked the largest losses advanced from 1 to 2 points when the shorts covered, and the rally was helped by a rise to 142 in Sugar.

Meanwhile the Steel stocks were offered freely, United States Steel preferred declining to 96. By noon the general undertone was firmer and the market quieter.

Texas and Pacific was heavily bought at an advance of over 2 points and Amalgamated Copper gained as much.

Bonds were lower.

PRETTY ROMANCE WRECKED

MRS. F. A. REIMANN SUES FOR A DIVORCE.

Reconciliation With Long Absent Husband Was a Mistake—The News of the Courts.

Attorney F. H. Kleekamp knocked a very pretty romance in the head which the newspapers had all fixed up Monday. The Sentinel Monday evening related the story of Mrs. F. A. Reimann, whose husband was mourned for dead for a number of years and how she became impoverished and finally sued for support so that she might get an order of court to sell certain real estate which her husband owned. The story went on to say that within a couple of weeks after proceedings were instituted the husband showed up, a reconciliation was effected, the husband went to work, the suit was dismissed and everything was lovely as a genuine Enoch Arden affair should be, with the second husband cut out. Now comes along Mr. Kleekamp, who Monday evening filed a suit for divorce on behalf of Mrs. Reimann and the reconciliation does not reconcile worth a cent, and Mr. Reimann didn't go to work and didn't split the wood. Mr. Reimann is not a workman at all but a preacher, who formerly did some gospel work in Bloomingdale; he also owns a strip of land of thirty-three acres lying in Washington township, right north of the city limits. He and his wife have had trouble of long standing and finally he left her. Some weeks ago she went to a law firm to commence divorce proceedings, and that is what she thought she had done until the case came to trial Monday. She cannot understand much English and her attorneys could not understand much German and so there was a misunderstanding all around. After she discovered what the court had done she went at once to a German attorney and instituted new proceedings. She made no sensational charges, although she said she could, but did not want to injure her ministerial husband, who has a charge at Richmond now. She charged desertion for a period of two years, which is sufficient, and she declares it is impossible for her to live with him again, although he has been staying at her home in this city since his return last Monday.

ABOUT THE COURT HOUSE.

The case of Samuel W. Harmon vs. Rosina Hyde, involving the Harmon estate, was today amicably settled and dismissed.

Moses Higgins has been appointed administrator of the estate of Harvey Higgins.

Judge Aiken today divorced Walburga Ulmer from Christian W. Ulmer.

The case of McIntyre vs. Kerr Murray Manufacturing company has been set for May 1.

Jennie Williams today made application for divorce from Benjamin Williams. Benjamin was in police court this morning, but is now in jail. A restraining order was also issued preventing Mr. Williams from molesting his wife and from disposing of any of his property.

The cases of Freedman vs. Bashara and Emrick vs. Emrick were today dismissed in the superior court.

The commissioners today transacted only routine business.

Sheriff Stout has been notified that the Strodel-Fairfield elopement was no elopement at all; the young folks had simply gone out for a buggy ride and remained out a little late. The parents are very indignant at the newspaper notoriety achieved by the young couple.

Arthur and Richard Dunlop, two little tots aged about seven and nine years, were arrested today and taken before Justice Huser to answer to a charge of assaulting and provoking Elmer Jacobs and George Turner. The little fellows have been arrested before for various offenses and have previously escaped punishment on account of their extreme youth.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

OFFICIALS COMING

VICE PRESIDENT WOODS AND MANAGER POTTER.

THE R. H. MYTON FUNERAL

HERE TOMORROW AND MONROEVILLE THURSDAY.

MARCH CAR SERVICE REPORT

FELL SHORT OF THE CORRESPONDING MONTH OF 1900.

Third Vice President Joseph Woods, of the Pennsylvania, will be in the city this evening, arriving in his special car on No. 11. He will leave tonight for Grand Rapids, where business for the company will occupy his attention tomorrow. Tomorrow evening General Manager G. L. Potter will arrive in the city, coming by way of Toledo, over the Wabash road, at 5:40 o'clock. Mr. Potter has been out on the Pennsylvania lines for several days.

BOILERMAKERS' UNION.

The preliminary steps towards organizing a boilermakers' union were taken several days ago and last evening, at the Trades and Labor hall, the organization was advanced to the final stages. All that remains to be done in that direction is to receive the charter, which has been applied for, and to elect the officers of the local union. Five delegates to the Trades and Labor council were chosen at the meeting last night and they will take their places in that body at the next meeting of the council. Addresses were made last evening by William S. Frohlinger, of Indianapolis, state organizer, and by H. C. Hoeltje, chairman of the organizing committee of the Trades and Labor council.

THE MYTON FUNERAL.

The remains of the late Robert Harlan Myton, whose death occurred at Lafayette Sunday night, under most distressing circumstances, were brought here last evening on a Wabash train and taken to the family residence, No. 113 Holman street. Funeral services will be held at that number at 11 o'clock tomorrow morning, under the auspices of the local lodge of the Brotherhood of Railway Trainmen. Interment will be made at Monroeville, where the remains will be taken on Pennsylvania train No. 22, leaving the city at 12:30 o'clock. The funeral services and interment at Monroeville will not take place until Thursday afternoon, when the Brotherhood will go down to participate in the sad rites. The lodge members will meet at the hall, No. 140 Calhoun street, at 11:30 a. m., and march in a body to the Pittsburg depot, where they will take train No. 22 for Monroeville. They will be accompanied by Wayne Tent band.

The peculiar circumstances under which Mr. Myton came to his death and which were not obtainable yesterday in time for publication in The Sentinel last evening are told as follows by the Lafayette Morning Journal:

"Myton's death was the result of natural causes. He had gone south on his first regular run as a member of Conductor Daniel Corthun's crew. He was coming north yesterday on an extra drawn by engine No. 210, Fred Smith, engineer. The train stopped at Bainbridge between 5 and 6 o'clock last evening to attach some cars. Myton and the rear brakeman, George Hinds, had ridden to the side track on a coal car, and were talking after the car had reached the main track and stopped. While they were talking, Myton was seized by a fit and began frothing at the mouth. He fell from the car to the ground, where he passed into unconsciousness without uttering a word. He was placed in the caboose and was taken to Roachdale, where a physician was called and medicine was administered. The doctor was unable to say what was the trouble. Myton had been complaining about his eyes and head hurting him, but did not seem to think that it was anything serious. He did not speak after falling from the car, and it is supposed that his death was caused by heart trouble."

After stating that Myton was taken to Lafayette and taken to St. Elizabeth hospital, where it was discovered he was dead, the Journal describes a number of papers which were found on his person, among them a diary from which the following concerning his life is learned:

"He had worked on a number of railroads, including the Findlay, Fort Wayne and Western, from November 25, 1895, to January 1, 1899. He went from that road to the Cincinnati Northern, where he was employed from June 30 to September 29, 1899. He took employment with the Wabash road at Decatur, Ill., on October 11, 1899, and remained there until May 15, 1900. He was with the Grand Rapids and Indiana from July 9, 1900, to the first of last January, and during that time made his home in Fort Wayne."

The Journal says the diary refers to an accident on the Wabash road, shortly after commencing work upon that line, and of his being in the company's hospital at Springfield. That accident was undoubtedly being struck by an overhead bridge and having his skull fractured, as mentioned in The Sentinel yesterday. It is believed by some of the friends of the deceased that his death was the result of that accident.

A NATURAL TUNNEL.

It is not unusual in railway location to find tunnels already built, but an interesting exception in this regard was experienced in the construction of the Virginia and Southwestern railway some years ago. At a point thirty-two miles south of Big Stone Gap, Va., on the line between that point and Bristol, Tenn., the road runs for a distance of 185 feet through a natural cave, in which it was necessary to blast for a distance of only sixty feet in order to secure a desirable alignment for the track. The engineers who were responsible for the location of the road through this romantic locality declare that the route was a matter of "natural selection," the tunnel being directly in line of the projected railroad, and was not sought as a curiosity. This circumstances of the location has given to the road the name of the "Natural Tunnel route."

A CAR KITCHEN.

A car kitchen is a new experiment which is being made by the New York Central on its Empire State express. It is not deemed practicable to add the weight of a dining car to the train, and the furnishing of meals to the passengers has heretofore been a serious question. It was finally decided to try the experiment of taking a portion of one of the long coaches with which this train is equipped and put in a small kitchen similar to those used in the regular dining cars. Movable tables enable two persons to enjoy a meal without disturbing any one else in the car.

GORLESS IS GUILTY.

Captain Stoll has been notified that Peter Gorless, the man who was arrested by Patrolmen Bates and Bigelow on charge of breaking car seals and larceny, has been found guilty and fined $25 and costs. In default of paymen Gorless has been confined in the Crown Point jail.

CAR SERVICE REPORT.

H. M. Elliott, agent for the Indiana Car Service association, has compiled his report of the March business which came within his jurisdiction. There were 1,268 cars handled, against 1,409 during the corresponding month of last year. This is a decrease of 141 cars, which is a surprise to Mr. Elliott, who at the beginning of the month was led to believe that March was going to beat the record for spring months. There was a noticeable decrease in the number of coal cars handled this year, due to the improved condition of the natural gas supply, but the number was not great enough to cut much of a figure in the total business of the month. February, 1901, showed a business of 1,212 cars, which is not so bad when we take into consideration that the month has only twenty-eght days. The reader must bear in mind that Mr. Elliott's report does not include any through business nor cars that are loaded or unloaded at the various freight houses of the city.

RELIEF IN GOOD SHAPE.

Advisory Member F. G. Olds, of the Pennsylvania Voluntary Relief association, has just completed a tour of the territory he represents and reports everything in that connection in good shape. Mr. Olds says the association is growing in popularity and that there is less complaint or alleged grievances to be heard now than there was a few years ago, notwithstanding the greater number of members. The election of advisory members will not take place until the middle of May.

INDUSTRIAL NOTES

Lake Shore section men have secured a ten-cent increase in wages.

Purchasing Agent Frank Brown, of the Pittsburg, has gone to Chicago on railway business.

Peter Piehl, a helper in the Wabash blacksmith shop, quit his position there this morning.

Nickel Plate Engineer Charles Titus, who had been taking a lay off, reported for work yesterday.

Yardmaster W. W. Waterson has mastered the grip and is about attending to the duties of his office as usual.

Machinist Michael Ehrman, of the Pittsburg shops, has gone to Heller's Corners to attend the funeral of a relative.

George Kallenbach, who has been sick a few days, resumed work in the Pittsburg roundhouse this morning.

D. Thiele, of the Pittsburg shops, and his wife are preparing for a visit with relatives and friends in Richmond, Ind.

Capt. H. Stoll, of the Pennsylvania police department, is in Grand Rapids today on business connected with the department.

Thomas Cavanaugh returned to his work in the Wabash blacksmith shop this morning. Several days ago he had a leg injured.

Willis Sherer, late of Van Wert, O., has taken a position in the Wabash carpenter shop. He will soon move his family here.

On its Cairo division the Big Four company has combined the offices of trainmaster and chief dispatcher, with E. A. Toulon at the head.

Mrs C. Worth, mother of Operator G. J. Worth, of the Pennsylvania offices, is visiting the later. Mrs. Worth resides in Sandusky City.

Some of the water pipes at the Nickel Plate yards that have been down a number of years are being taken up and replaced by new ones.

John and George Smith, of the Wabash blacksmith shop, and their families left today for Springfield to visit their father, who is very sick.

Yard Conductor William Mayes is taking a few days' vacation and during his absence George Sunley is looking after the Pittsburg transfer engine and its crew.

Brakeman F. C. Wolf is sick and Brakeman W. B. Pierce, who had been off duty eight or ten days, reported for work yesterday. They are Nickel Plate employes.

Engineer George Mullen and Fireman C. Fisher have been assigned to Nickel Plate engine 27, which has just left the Stony Island shops, where it was practically rebuilt.

Engineer P. W. Donahue, of the Nickel Plate, is quarantined on account of one of his children having the diphtheria. He will probably be unable to work for several days.

Agent Joe Sunderland, of the Lehigh and Wabash dispatch, who had been spending a couple of days here, combinng business with a visit with his relatives, left this morning for Chicago.

Another train load of dressed beef for export passed through the city at 8 o'clock last night, over the Nickel Plate. There were twenty-five cars in the train. Morris & Co., of Chicago, were the shippers.

There were honorary and active pall bearers at the funeral of the late Peter Harber yesterday. The honorary pall bearers were Henry Loos, George Jacoby, Conrad Tremmel, John Wessel, Barney Roth and Leopold Helfer, and the active pall bearers were J. O'Rourke, Peter Carter, William Koehl, Michael Kinder, Hugh T. Hogan and August A. Goecke.

Fred Koop, an apprentice in the Wabash machine shops, had his right thumb mashed in some machinery this morning. He will be laid up for awhile.

Engineer W. C. Kelker, of the Grand Rapids and Indiana road, is sick and off duty. Charles E. Longbrake, a brakeman on the same road, is also off duty on account of sickness.

J. W. Irwin, a boilermaker, was injured in the Pittsburg shops last evening and will be unable to work for a few days. He was cutting staybolts, when the chisel bar flew around, hitting and bruising one of his legs.

The work of double tracking the Philadelphia and Erie division of the Pennsylvania system is to be commenced at once. The contract for laying a second track between Keating and Lockhaven, a distance of twenty-four miles, has been let.

Conductor George McCormick and Brakeman C. Varderman, of the Nickel Plate, are taking a few days' rest. Conductor Frank Maxwell and Brakeman A. B. Conn have reported for duty on that road. Mr. Conn was visiting friends in Liepsic, Ohio.

E. L. Field, J. E. Wooley, W. J. Neizer, C. A. Sites, E. C. Keith, F. Galland, John T. Rost, W. S. Sands, X. Klinkenberger and F. E. Walda are sick and A. J. Huber and C. Dickmeyer are off duty to look after some private affairs. All are employed in the Pitsburg shops.

The Lackawanna road will have an exhibition at the Pan-American exposition, it being a train 650 feet long, made up of the most modern equipment, consisting of an engine, baggage car, coach, parlor car, freight and coal car. It will be one of the most complete exhibits in the transportation building.

There appears to be an increase of sickness among the engineers and firemen on the Pittsburg road the past three or four days. Yesterday's list of absentees on account of sickness was unusually long and today's list also contains more than the usual number of new names. Grip or bad colds are the prevailing maladies. Among the absentees today are Engineers E. L. Tenney, C. J. Pierson, C. C. Ellenwood, Richard Truesdale, C. M. Somers, George Ek and Harry Kelker and Fireman H. F. Harper. Mr. Tenney is off to look after private affairs and Messrs. Kelker and Ek are off duty on account of sickness in their families. The others are sick. Engineer George Vanosdale is off duty on account of the death of a relative.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Easter-Tide Suits.

Every gentleman wants his spring suit ready for Easter. He wants it to be as perfect in fit, as well made and attractive as possible. Some men forget until late about placing the order for the clothes. They then expect the tailor to rush them through and give them clothes that are perfect. We do all the rushing we can; give you every advantage of hustle and turn out your suit in the Mautner style.

My Dear Sirs:—It is with pleasure I write you concerning your most valuable remedy, known as Wright's Rheumatic Remedy, the great Canadian cure.
I have been a sufferer from sciatic rheumatism in the very worst form for more than two years. I was at Mt. Clemens, Hot Springs and West Baden and found no relief whatsoever. I was entirely discouraged, as it laid me up bedfast most of the time and I could not move a limb. I had given up all hopes of recovery, when one of my employes insisted I should take your remedy. I did so, and after taking one and one-half bottles I was perfectly cured. I can walk straight and all my pains have left me and I am now in the best of health.
I cannot speak too highly of your remedies and anyone wishing to find out its merits can write me and I will be pleased to verify the above statement. Respectfully yours,

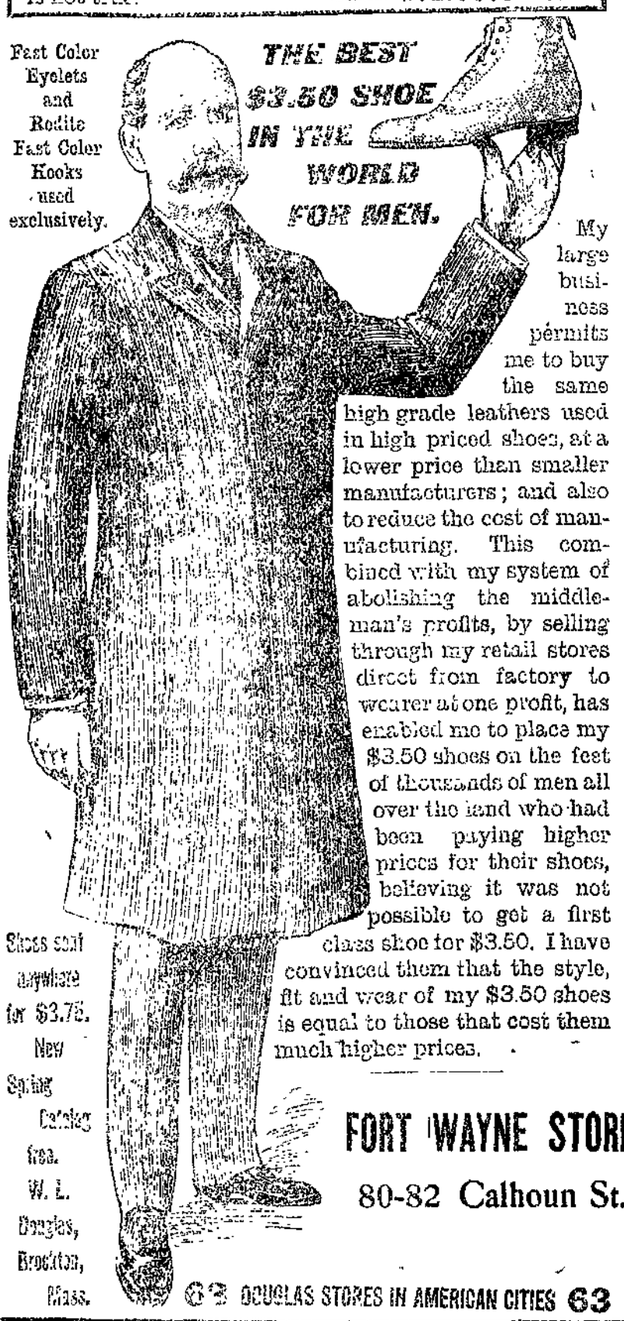
W.L. DOUGLAS $3.50 SHOE UNION MADE

My $3.50 shoes, placed side by side with high priced shoes, are found to be just as good, and it is impossible to see any difference. I make and sell more men's fine shoes, Goodyear Welt (Hand-Sewed Process) than any other manufacturer in the world. I will pay $1,000 to any one who can prove that my statement is not true. Signed W. L. DOUGLAS.



Fast Color Eyelets and Rodite Fast Color Hooks used exclusively.

My large business permits me to buy the same high grade leathers used in high priced shoes, at a lower price than smaller manufacturers; and also to reduce the cost of manufacturing. This combined with my system of abolishing the middleman's profits, by selling through my retail stores direct from factory to wearer at one profit, has enabled me to place my $3.50 shoes on the feet of thousands of men all over the land who had been paying higher prices for their shoes, believing it was not possible to get a first class shoe for $3.50. I have convinced them that the style, fit and wear of my $3.50 shoes is equal to those that cost them much higher prices.

Shoes sold anywhere for $3.75. New Spring Patterns from W. L. Douglas, Brockton, Mass.

CARRY THE CITIES

DEMOCRATS WIN IN LARGE TOWNS OF OHIO.

TOM JOHNSON'S FINE VICTORY

SINGLE TAXER IS ELECTED MAYOR OF CLEVELAND.

JONES AGAIN WINS IN TOLEDO

ELECTIONS IN MANY STATES ARE HELD TODAY.

Cincinnati, April 2.—In Ohio the vote yesterday was unusually large for the local elections of April. There were local option contests in some villages. The "drys" won at Lebanon, the county seat of Warren county, and in many smaller places, but the "wets" claim they came out better than they expected.

Democrats won in the large cities, making their most notable gain in Columbus, where Hinkle (dem.) defeated Taylor (rep.) for mayor.

Tom L. Johnson (dem.) succeeds John Farley (dem.) as mayor of Cleveland, and Samuel M. Jones was elected for a third term at Toledo.

At Cincinnati there was no election. The republicans won for minor offices at Dayton and elected M. L. Milligan mayor of Springfield, the first republican mayor of that city for eight years. Mayor-elect Milligan is a brother-in-law of Senator Fairbanks, of Indiana.

With the exception of Cincinnati and Springfield the democrats control all the large cities, but the republicans made gains in nearly all the smaller cities and in the townships.

TOM JOHNSON'S VICTORY.

Cleveland, Ohio, April 2.—One of the fiercest campaigns in the history of Cleveland closed last night with the election to the mayoralty of Tom L. Johnson, democrat, over William J. Akers, republican, by a plurality that may go as high as 6,000. The republicans, despite the slaughter of Candidate Akers, secured the election of the other candidates on the city ticket by small pluralities.

"GOLDEN RULE" JONES WINS.

Toledo, Ohio, April 2.—Samuel M. Jones has been elected to succeed himself as mayor of Toledo. His majority over McMaken will be about 3,000. Jones announced himself as a non-partisan candidate and his nomination was secured by partition, the papers being widely circulated and signed by the majority of the working men.

COLUMBUS IS DEMOCRATIC.

Columbus, Ohio, April 2. John N. Hinkle, democrat, is elected mayor over Henry C. Taylor, republican, by about 200 plurality. The present administration is republican.

EVANSVILLE REPUBLICAN.

Evansville, Ind., April 2.—Official returns give Covert (rep.) a plurality over Boehne (dem.) of 89 votes for mayor.

VOTING IN CHICAGO.

Chicago, April 2.—Chicago voted today for a complete city and aldermanic ticket. Weather conditions were disagreeable owing to mixture of snow and rain, and up to a late hour in the morning a light vote was generally reported. Exceptions were noted in one or two wards where more than usual interest centered in the aldermanic contests, notably in the Twenty-first, the home ward of Mayor Harrison, where Honore Palmer, son of Potter Palmer, was the democratic aldermanic candidate.

Both democratic and republican party leaders professed confidence in spite of the light vote.

Chairman Lorimer, of the republican committee, claimed Judge Haney's election by at least 10,000, while friends of Mayor Harrison claimed a plurality of at least 20,000.

Voting in the most heavily republican wards of the south and north sides was reported as unusually light and early in the day workers were sent out to urge the voters to the polls.

No trouble of consequence was reported from any ward and up to 11 a. m. only one arrest had been made for alleged illegal voting.

Municipal elections were held in many of the smaller cities of Illinois. At Decatur there was little interest and a light vote was polled early owing to heavy rains.

At Rock Island lively interest was manifested early and the vote will be large.

At Aurora a non-partisan ticket opposed the republicans. A heavy vote was brought out despite a snow storm.

At Rockford little interest was taken. A light vote was cast early and it was generally conceded the republican ticket will carry in the city and county.

The first serious trouble over the election occurred shortly after noon, when Frank Hurley, a democratic worker at the twelfth precinct of the Third ward, was shot and probably fatally wounded by Thomas Moriarity, a republican worker. Moriarity claims he shot in self-defence.

The volume of voting increased somewhat all over the city as the day wore on, but the most liberal estimates did not place the probable vote at over 375,000—about two-thirds of the registration. The polls closed at 4 o'clock.

ST. LOUIS CONTEST.

St. Louis, April 2.—Balloting for a world's fair mayor and a complete municipal ticket began at 6 a. m. The polls will close at 5 p. m.

There are six tickets in the field, as follows: Democratic, republican, good government, public ownership, social democratic and socialist labor.

Great interest is being displayed in the contest and in almost every precinct there was a long line of voters ready to cast their ballots when the polls opened, despite damp weather. The registration was heavy and from present indications the vote will be the same. Indications are that the labor vote will be scattered.

BIG CASH DEAL MADE TODAY

HARRY A. WIEBKE BUYS BUSINESS PROPERTY.

Acquires Building at 33 Calhoun Street for a Cash Consideration of $12,525.

A good-sized deal in down town business property was consummated today when Harry A. Wiebke purchased the building at 33 Calhoun street, which he has for some years occupied as a saloon.

The property was a part of the Agster estate, and while not extensive in area is regarded as very desirable from its central location. The consideration of the transfer was $12,525, which amount Mr. Wiebke calmly handed over in cash.

TO BE LIKE SHANGHAI.

Berlin, April 2.—The Pekin correspondent of the Cologne Gazette says China has agreed to the proposal of the powers to make the Island of Kwang-Su, near Amoy, an international settlement, modeled after Shanghai.

TO BE BURIED HERE.

The remains of Mrs. S. Frank, who died in Chicago yesterday morning, will arrive over the Pittsburg at noon tomorrow and the remains will be taken to Lindenwood cemetery for interment. Mrs. Frank was very well known in this city, having visited here a number of times. Mrs. L. Weil, of West Wayne street, is a niece of the deceased. Mrs. Frank leaves a family of two sons and five daughters, her husband having died some years ago.

MORE PAY, SHORTER HOURS.

Buffalo, N. Y., April 2.—A circular made public today addressed to the street railway employes of the Buffalo, Lockport, Niagara Falls and Lancaster lines announces that a request would be made of the Buffalo Railway company for a ten and one-half hour day, 25 cents an hour for motormen and conductors, and certain modifications of the company's discipline. The Buffalo Railway company yesterday announced an increase of 20 cents a day in wages.

SALOON WAS BURGLARIZED.

Hugo Blumbach, proprietor of a saloon on East Creighton avenue, reported to the police today that his saloon was burglarized last night, the thieves getting between $7 and $8 in cash, two of whisky and some cigars. Entrance was gained by breaking through a rear window.

The Will Walters who was charged with disturbing a religious meeting, and Will Walters, of East Lewis street, in justice to the latter, it should be stated, are two different individuals.

WILL RAZE THE FORTS

DEFENSES AT TAKU SOON TO BE DEMOLISHED.

WILL BE A GREAT BENEFIT

COURSE OF THE RIVER WILL BE IMPROVED.

CHINA WILL SIGN TREATY

NO DOUBT IN RUSSIA OF THE FINAL OUTCOME.

Pekin, April 1.—Regarding the destruction of the forts the generals are practically agreed that those at Taku, Shan Hai Kuan and Tien Tsin must at least be rendered useless while the north fort at the entrance of the river Taku must be destroyed entirely on account of the fact that ever since it was built it has caused lower water on the bar, having diverted the course of the stream.

The merchants have frequently complained to the consuls, but no government has liked to ask China to destroy a fort at the entrance to an important river.

This, however, can now be done as a matter of military necessity, and will give foreign merchants intense satisfaction, as in consequence of its being done the river will in a short time again be navigable as far as Tien Tsin.

IN PAO TING FU.

Pao Ting Fu, Saturday, March 30. —(Via Pekin Sunday, March 31, by post to Che Foo). Though Pao Ting Fu may be reached in a few hours by railway it is practically unknown to foreigners now in Pekin. Marvelous stories and rumors pass as current facts, but are entirely without foundation. After the occupation of Pao Ting Fu an agreement was entered into between the allies and the Chinese that the former should not advance beyond the province of Chili and that the latter should not go beyond ten miles inside the Shan Si province. The Chinese have frequently broken that agreement and have been attacked by both Germans and French in different parts of the province. Chi Li at present has 10,000 Chinese troops, commanded by Liu-Khuantes, the famous black flag leader, within twelve miles of Huo Lee, where there are 3,000 French troops, who are anxious to make an attack but are restrained by positive orders from Pekin. M. Pichon (the French minister) having informed General Voyron, commanding the French troops, that he had received instructions from France to the effect that the government does not desire aggressive action on the part of the troops.

Provided the Chinese do not advance, which is not considered likely, there is little chance of a collision.

Early in March fifteen Germans were attacked near the border and two men were killed. Two thousand soldiers entered Shan Si province through the Ante-Suling Pass, driving the Chinese beyond Shai Quan, and then retiring to Ante-Suling, where they are now in camp.

French officers state that Shan Si has a different people from the Chi Li province, the inhabitants being more arrogant, daring the foreign troops to enter. The French have large supplies at Cheng Ling and Huo Lu, including camel trains.

Pao Ting Fu is entirely peaceful and its condition is better than that of any city occupied by the allies. Chinese officials conduct the entire government of the city, the French and German commission acting in an entirely advisory capacity, and never interfering except in cases where flagrant injustice has been done, when they act as a sort of court of appeals.

Most frequently they have been called upon owing to the interference of Catholic missionaries and the exaction of extortions.

French officers say that if it is customary in ordinary times to subject the native converts to extortion, even when they are palpably in the wrong, China has a grievance that would not be tolerated by any other country.

Lieutenant Reeves, the military attachee of the United States legation, recently reported to Mr. Squires, the charge d'affaires, a similar state of things regarding Catholic missionaries.

CHINA MUST ACCEPT.

St. Petersburg, April 2.—The superior councillor of the Chinese legation, Chu-We-Jie, is continuing the negotiations as charge d'affaires, regarding the Manchurian agreement. The illness of the Chinese minister, Yang-Yu, is now admitted to be due to apoplexy, which will incapacitate him from work, probably, for a long period.

It is said that the loss of his estate through the destruction of a Chinese bank, combined with political cares, is undermining his health.

Unofficial observers scarcely understand how a doubt can possibly be entertained abroad that China will ultimately accept the Russian conditions if apparent that no power is willing to forcibly support China.

For, as it is urged, while Russia undoubtedly prefers to carry out the plans as made, her diplomatic position would suffer as little as her military position from China's refusal to accept what Russia regards as moderate conditions of withdrawal.

RICE WAS LIVING TOO LONG

WHAT PATRICK THOUGHT OF OLD MILLIONAIRE.

Valet Jones Says He Got Poison for Lawyer, After It Was Decided to Remove Rice.

New York, April 2.—At the afternoon session of the Patrick hearing Jones, the valet-secretary of Millionaire Rice, testified that Patrick asked him whether he did not think that Rice was living a little too long for their purposes. "I said I thought so," said Jones, "and Patrick suggested that we put him out of the way. I suggested Dr. Curry, but Patrick said Dr. Curry would not do anything of the kind."

Jones said that then at Patrick's suggestion he procured chloroform and laudanum from his brother in Texas, and delivered it to Patrick.

Jones said that he gave the poison to Patrick about three weeks before Rice's death. He also testified that Patrick was never introduced to Rice, that Rice never saw Patrick but once, and that he did not know Patrick when he saw him.

PRIMARY FIGHT UNDER WAY

DEMOCRATS NAME DELEGATES THIS EVENING.

Hot Contests for Councilmen Are On in Third and Eighth Wards—How it Looks.

The democratic primaries are in progress this afternoon, commencing at 4 o'clock, and in some of the wards the contests are quite spirited. In the Fourth, Fifth and Sixth wards there is (no competition, but in the Third and Eighth wards the fight is hard, though unembittered. In the Third affairs are particularly badly mixed, although to an impartial observer it looks as though Ed Lennon and Councilman O'Ryan have the best of the argument as the polls open. In the Eighth it is the field against Miller and Gombert, and in the Second a desperate effort is being made to defeat William Hosey for re-nomination. The Ninth ward looks very much like Sordelet and Boltz, and in the Tenth the old councilmen will probably be returned. Mr. Scheid in the Seventh will also have a busy time, as the principal effort seems to be directed against him. The indications are that there will be a large vote out in the contested wards. It is generally conceded that Schmidt will receive the nomination for city clerk by a handsome majority.

MINERS LOCKED OUT.

Hazelton, Pa., April 2.—The six hundred men employed in the colliery of Coxe Bros. & Co. have been locked out. When the men went to the mines this morning they were sent home again. The company wants the miners to report earlier for work, but the men refuse to do so. No move has been made for a settlement.

DOG WAS DAFFY.

At noon today Officer Pappert killed a dog near the corner of Calhoun and Jefferson streets. The animal was mad and terrorizing pedestrians in that vicinity.

The seven-year-old son of Mr. and Mrs. J. J. Lynch, of Brandriff street, met with a most painful accident yesterday. The child fell down stairs and sustained a severe shaking up, receiving painful cuts and bruises.

OFFICIAL NEWS RECEIVED

GENERAL M'ARTHUR CABLES WAR DEPARTMENT.

Washington, April 2.—Secretary of War Root has just made public the following cablegram received at the war department this morning at 8 o'clock:

"Manila, April 2.—Adjutant General, Washington: Since arrival at Manila Aguinaldo has been at Malacanan investigating conditions in archipelago. He has relied almost entirely upon the instructive advice of Chief Justice Arellano. * * *

"As a result today he subscribed and swore to the declaration on page 11 of my annual report.

"MacArthur."

The oath referred to is as follows:

"I, ——————, hereby renounce all allegiance to any and all so-called revolutionary governments in the Philippine islands and recognize and accept the supreme authority of the United States of America therein; I do solemnly swear that I will bear true faith and allegiance to that government; that I will at all times conduct myself as a faithful and law-abiding citizen of the said islands, and will not, either directly or indirectly, hold correspondence with or give intelligence to an enemy of the United States, nor will I abet, harbor or protect such enemy; that I impose upon myself these voluntary obligations without any mental reservations or purpose of evasion, so help me God."

Four asterisks in the cablegram mark a passage withheld from publication, about which the officials will say nothing now.

Notwithstanding the taking of the oath by Aguinaldo he still will be held as a prisoner by General MacArthur.

It is possible he may be granted more liberty of action, but he will not be afforded complete freedom for the present. The action of Aguinaldo in taking the oath, it is believed at the war department, will have a far reaching effect in the pacification of the islands.

IN JUSTICES' COURTS.

"Cy" Swaim and H. Hemphill, two of last year's Fort Wayne ball club, who go to Colorado Springs this year, were capiased yesterday afternoon by M. C. McDougall, of the Fort Wayne club. During the winter McDougall loaned Swaim $25 and Hemphill $15, taking their notes for the amounts, payable one day after date. He understood at that time that the men would play with Fort Wayne this year and was to deduct the amount from their salaries this year. Learning that they were about to leave the state to report to their clubs he instituted capias proceedings before Justice France. Hemphill immediately telegraphed Billy Hulen at Colorado Springs and says he will have the money here today. He acknowledged the debt, but says it was a loan pure and simple and that he all the time intended to pay it as soon as he got the money. Swaim, on the other hand, denies the justness of MacDougall's claim, although he admits getting the money. Last summer Swaim was fined $90 for an exhibition of petulancy and insubordination and this fine he thought excessive. Mr. MacDougall, Mr. Larwill and other stockholders, Swaim says, admitted that the fine was unjust and said that they would see that it was paid back and agreed to repay him their share at any time. When Swaim got the $25 he says it was with the understanding that it was part payment of the $90 withheld. It amounted to more than Mr. MacDougall's share, but he was to retain enough to make him even when the others paid their pro rata. He says he is willing to pay back the money as soon as he gets it, excepting Mr. MacDougall's pro rata share of the refunder. Mr. MacDougall, on the other hand, says there was no agreement or arrangement of any kind. Swaim says he is a resident of Fort Wayne and does not expect to remove his family or chattels from the state and will take advantage of the $600 exemption law.

William Doolittle was arrested yesterday and taken before Justice Tancey, where he was fined $20 and costs for Sabbath desecration. He was charged with furnishing liquor to Boehm, Woodward and Knulph, the three boys who were arrested on Sunday for being drunk. Other cases will follow this one.

WILL MEET IN CALIFORNIA.

San Francisco, April 2.—The interstate commerce commissioners and the members of the various railroad commissions are to meet here in joint session on June 4. The delegates and members of their families will number about 300. The California commissioners are arranging for the entertainment of visitors from the east.

CONFIRMATION ADMINISTERED

BISHOP WHITE OFFICIATES AT TRINITY CHURCH.

Class of Young People and Adults Are Admitted to Membership—An Impressive Service.

Bishop John Hazen White, of the Michigan City diocese of the Episcopal church, administered the rite of confirmation to a class of adults and children at Trinity church last night, and the service was a solemn one. The edifice was well filled and the special musical program by the vested choir, consisting of songs appropriate for the occasion, added much to the impressiveness of the occasion.

The evening prayer was conducted by Rev. A. W. Seabrease, rector of the church, and the confirmation ceremonies were then conducted by Bishop White. The bishop delivered a sermon of great spiritual interest, which contained much good advice for the young people and adults who were about to become a part of the congregation. The speaker impressed on the minds of his hearers the solemnity of the occasion and explained clearly what constituted coming into the presence of God. It is not a matter of mere passing import, but one that would concern the entire future. Indifference and worldliness are not the right attitudes before the sanctuary of the Lord; to enter that sanctuary and bend the knee is the right of the sinner through his belief in the death of Christ for the redemption of the world.

Bishop White's sermon was replete with good advice for those about to embark in the new life, and his words made a deep impression on his hearers. In conclusion Bishop White cautioned the newly confirmed class that they were but entering the religious battle, and that the conflict between good and evil would continue as long as they lived. He admonished them to keep ever before them the responsibility of a Christian life and to live up to the standard as nearly as possible that is required of one of Christ's family.

GROSS RECEIPTS $107,500

BIG FIGURES FROM THE FORT WAYNE POSTOFFICE.

Business of the Past Year Was Phenomenal—It May Mean an Increase in Salaries.

For the financial year ending March 31, upon which the class standing of all postoffices in the United States is figured, the Fort Wayne postoffice shows a total of gross receipts that exceeds $107,500. This showing is the more remarkable when it is known that the increase was in no way stimulated or artificial, but is the natural growth of improved business conditions.

From the departmental standpoint Fort Wayne is easily second in Indiana, its nearest competitor, Evansville, being more than $10,000 in the rear on the year's business. The percentage of expenditures to receipts for the year would have placed the office in the $110,000 class and entitled the entire force from the postmaster down through the list to a substantial increase in salary, and Postmaster Page believes the showing, together with the low expense percentage, will result in the granting of the increase which has been applied for, despite the fact that the prescribed mark was not quite reached.

Mrs. J. M. McKay, of Lake avenue, is seriously ill.

A DOUBLE MURDER

JOHN GULICK KILLS MOTHER AND BROTHER.

A PENNSYLVANIA TRAGEDY.

BOTH VICTIMS WERE SHOT TO DEATH.

NO MOTIVE KNOWN FOR DEED

MURDERER COOLLY MAKES HIS ESCAPE.

Sunbury, Pa., April 2.—A double murder was committed at Kleinsgrove, a small country village, a few miles from this city, today. The murderer is John Gulick, aged 32 years, and his victims were his mother, Mrs. Amy Gulick, aged 68 years, and his brother, Philip, aged 27 years.

After committing the terrible crime Gulick coolly placed the smoking revolver in his pocket and walked off in the direction of Danville.

Harry Moore, living on an adjoining farm, heard the shots and hastened to the Gulick home. The mother was found lying on the floor of the kitchen and the son was found in the barnyard with a bullet hole near his heart.

Both had been instantly killed.

What led to the commission of the crime could not be learned.

The murderer is still at large.

THE TRADES COUNCIL FAIR.

At a meeting of the band leaders last night the following assignments were made for music for the first five nights; the assignments for the remaining nights will be made later: Wednesday, April 10, Wayne Tent band; Thursday, 11th, Fort Wayne City band; Friday, 12th, Arion band; Saturday, 13th, Shober's First Regiment band; Monday, 15th, Olympia band. Messrs. Rose and Logan, of the committee appointed to sell season tickets to the fair, report encouraging progress and all the other committees are working intelligently to make the fair a stupendous success. Among the novelties to be presented will be a souvenir booth. Letters have been sent to President McKinley, Vice President Roosevelt, Senator Fairbanks, Governor Durbin, Samual Gompers and fifty other men prominent in the public eye, explaining the character of the fair and asking for a slight souvenir of some kind that can be offered for sale—a handkerchief, paper of pins, twenty-dollar bill or any old thing that can be sold. Samuel Gompers has already responded with a handsomely bound book and Secretary Cortelyou has written acknowledging the receipt of the request and saying that the attention of the president would be called to it. On the opening night there will be a parade of union bodies headed by a band, and every night there will be special features of some kind.

BELIEVE BOY WAS STOLEN

NEW YORK POLICE SUSPECT KIDNAPING AFFAIR.

Ten-Year-Old Has Been Missing Since Last Wednesday Night—Police Have No Clue.

New York, April 2.—After vainly running out every clue the police became convinced last night that Willie McCormick, jr., a 10-year-old High Bridge boy, who disappeared last Wednesday night, is the victim of a kidnaping plot.

Police Captain Gannon in discussing the case said:

"I am firmly convinced that the boy has been taken by designing persons and that he is being held by them.

"This boy was never known to be away from home over night. His habits were good and there had been nothing to drive him away from home. I am of the opinion that he is being held here in New York city."

Willie is the son of a retired florist living in Ogden avenue, High Bridge. The child has eleven sisters. His mother is prostrated from grief and anxiety and the father almost equally so.

The St. John's Lutheran Sowing society will hold its annual meeting at Mrs. Weller's residence, 121 Harrison street, Wednesday afternoon.

Smith's Green Mountain Renovator

Cured Mr. Ostrander.

Mr. Warner is the sole agent for Smith's Green Mountain Renovator in Akron, Ohio. A few weeks ago a man in Cuyahoga Falls, seeing the medicine advertised, went to Mr. Warner's store and bought a bottle. Here is a letter from him, addressed to the proprietors and dated March 4th, 1901:

CUYAHOGA FALLS, O., March 4, 1901.
Gt. Green Remedy Co., St. Albans, Vt.
Gentlemen:

I am very thankful I have at last discovered a remedy to cure my rheumatism. I have had rheumatism for twenty years and for the last fourteen years I have suffered pain constantly from the top of my head to the tip of my toes; and for the past three years I have been unable to sleep very much and would be more tired when I got up in the morning than when I would retire. After taking Smith's Green Mountain Renovator for three weeks the pain entirely disappeared, and I can now sleep well and feel like a new man. I am very glad to recommend it to others and give all the information any one desires.

Very truly yours,
(Signed) CHAS. E. OSTRANDER.

Rheumatism is one of the diseases we guarantee the Renovator to cure. Here are some of the other troubles which we also guarantee the Renovator will cure: All diseases of the Blood, Nerves, Liver and Kidneys, Dyspepsia, Indigestion and Constipation. It is just the remedy to build you up in the spring. There is no substitute for Green Mountain Renovator, as it is made from the purest, most powerful herbs known to medical science and comes from the Green Mountains of Vermont. We refund your money if you are not benefited.

MUTINEER IS SHOT.

Cape Coast Castle, Gold Coast Colony, April 2.—The leader of the men belonging to the West African regiment, who recently mutinied because they were not returned to Sierra Leone at the time they understood they were to be sent home, has been court-martialed and publicly shot. The rest of the mutineers have been shipped to the Island of Sherbro, forty miles from Sierra Leone.

Into the future would sadden many a happy woman. The misery of marriage often results from ailments which maidenly modesty kept hidden. When doctors are at last consulted they frequently fail to help. They do not understand the root of the trouble. Dr. Pierce's Favorite Prescription has cured in thousands of cases where doctors entirely failed.

"I had been a great sufferer from female weakness," writes Mrs. M. B. Wallace, of Muenster, Cook Co., Texas. "*I tried four doctors and none did me any good.* I suffered six years, but at last I found relief. I followed your advice, and took eight bottles of 'Favorite Prescription' and four of the 'Golden Medical Discovery.' I now feel like a *new woman.* I have gained eighteen pounds."

MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

THEY THIRSTED AND HE GAVE

TWO STRANGERS ARRESTED FOR BEGGING.

A Man With an Humble Air and a Cut Over His Eye Admits the Prowess of His Wife.

Notwithstanding the inclement weather there was a liberal assortment of jags, etc., at police court this morning when the whistle blew. The first cases called were those of Thomas Johnson and Frank Miller, charged with vagrancy and public begging. These two sporty gentlemen accosted a well-known young man yesterday afternoon and told him a hard luck story of starvation, but kept their thirst carefully concealed. They were very hungry and felt as though they would have to resort to work in order to get something to eat unless someone relieved them. The generous hearted sucker dove into his pocket, fished out his last quarter and handed it over and then looked in a mirror to see whether he could see his well satisfied conscience sticking out through his face. The grateful starvelings gave him the merry ha-ha and made a straight shoot for the Log Cabin saloon, where they were soon appeasing their ravenous hunger with sundry copious tankards of foaming lager. The generous hearted young man envied them and having no more quarters to buy lager for himself he informed an officer of the game that had been worked on him and the two speculators were soon in jail. The mayor fined them $5 each, but on their promise to leave town in an hour he suspended sentence.

WILLIAMS AND HIS WOES.

Benjamin Williams showed up with a meek and lowly bearing and a fresh cut over his eye. His meek and lowly bearing was due to the presence of his wife in the other room and the cut was also due to the same party. Williams got tired last August and has not felt like working since. His wife works at the Paragon factory and supported the family and paid rent, giving her husband house room in the rear. Occasionally he would kick down the door leading to his wife's apartments and sometimes when in an extraordinarily playful mood he would thump her and lock her out doors altogether. Last week during a fit of absentmindedness Williams took a small job of work for his brother and when he got paid he proceeded to institute a rough house at the Miller domicile. He went to bed with a bottle of whiskey and tried to spit on the ceiling. His wife sent for an officer several days ago after he had knocked her down several times and kicked in her door. The officer succeeded in restoring peace and Williams was left alone with his wife and his bottle. Last night he got another jag and another bottle and belted his wife over the eye. She had a lamp and a knife in her hand and she let drive with both. The lamp missed fire but the knife landed over her lord's eye and left a cut an inch and a half long; she then sent her little boy for Officer Borgman, who arrested Williams and his bottle and brought both to the station. Mrs. Williams testified to all the above statements and said she could live with him no longer and would bring divorce proceedings. Williams took one look at his wife and then humbly admitted that he had nothing to say. The mayor sent him over $5 worth.

POLICE NOTES.

A bright looking young fellow giving his name as Charles Miller, who had been electioneering too zealously on Columbia street, was found in D. C. Fisher's barn very drunk. He said he had gone into the barn so that he could keep away from the police, but it appears that he made a mistake. He said he had never been arrested before and was a hard working lad, so the mayor fined him $1 and suspended judgment.

William Walters, wanted for disturbing a religious meeting on West Main street, could not be found yesterday by the officers. At the meeting he blew out the gas and when the officers went for him he blew out of town. His mother declares he is a victim of persecution and did not disturb the meeting, while Rev. Mathews says he is the toughest kid in the west end.

Officer Culing is looking up the boys who turned in a false alarm of fire from Hanna and Creighton avenue last evening. He will bring in somebody, he says, if he has to hire a kid.

A burning chimney at the residence of Jacob Busching called the fire department to No. 137 Wells streets last evening.

A lad giving his name as Charles Henry, living with his parents at 228 East Lewis street, applied at the police station for lodging last night. He told a story of rough treatment by his parents and said he was working as cash boy at a down town store and his father told him if he ever lost his job he would take the hide off him. He was discharged yesterday afternoon and was afraid to go home. Fireman Officer Schlandroff was called and he took the boy in charge, taking him to his home to investigate matters.

Dan Hudgell, the veteran traveling man, mourns the loss of a watch which he has had for many years. He broke the chain and thinks the watch must have dropped out of his pocket while he was turning a handspring, being overjoyed at a sale he had made. He does not think the time piece was stolen.

The board of safety met last evening and instructed the chief of the fire department to investigate the price of water heaters to be placed on the fire engines.

TREASURY BUYS BONDS.

Washington, April 2.—In accordance with Secretary Gage's announcement that he would buy from time to time the short bonds at an investment rate realizable to the investor who buys the new 2 per cents, should the market price for the new 2's remain on the present basis, the treasury department was today tendered $2,000,000 government short bonds on practically the same basis as the 2's returned at the current market quotation of about 100½. Exact figures cannot yet be given, for the details have not yet been completed, but it is practically certain that the secretary has availed himself of the opportunity to purchase bonds in accordance with his announcement.

MAJOR WILSON BETTER.

Major G. Will Wilson, who has been confined to his home on West Berry street for some time, is now improving, and it is hoped will be about again in a few days. Major Wilson has been suffering from an abscess of the hip, resulting from a sprain, and a few days ago underwent a surgical operation for its removal.

DOCTORS ARE LOCATING.

Two of the graduates in the Fort Wayne College of Medicine's class of 1901 are already arranging to engage in the practice of their profession. Dr. John D. Mercer goes to Helmer, Steuben county, while Dr. Francis McEvoy will locate at Geneva.

Have You Been Ill?

If very sick, you had a doctor. That's right. We believe in doctors. They are among our best friends.

Now that you are recovering, don't you think that a bottle or two of Ayer's Sarsaparilla would do you great good? Ask your doctor about it and do just as he says.

We believe he will tell you that this blood-purifying and nerve-strengthening medicine is just what you need.

It will certainly take out all the impurities in your blood, caused by your sickness, and will make you feel better in every way. $1.00 a bottle. All druggists.

Kendallville Sun: "Julius Lang, jr., went to Fort Wayne today to visit at the bedside of his mother-in-law, Mrs. Bramer."

MRS. FISKE IN "BECKY SHARP."

The long anticipated engagement of Mrs. Fiske in "Becky Sharp" is drawing near and as the time approaches the interest increases until at this time no attraction of the season's offerings has created the talk and the enthusiasm. Mrs. Fiske will appear at the Masonic Temple theater next Monday evening and the sale of seats will begin at the box office Thursday morning. The following scale of prices has been adopted by her manager, Mr. Walsh. Lower floor, $1.50 and $2.00; balcony, 75c and $1.00. In offering this attraction the management have no apology to make; the prices comport with the dignity of the star, and are the same charged in every city Mrs. Fiske plays. In Chicago, St. Louis and all the large cities of the west her art is considered far greater than Bernhardt or Duse and critics place her at the head of the great actresses of America in the present day.

DR. M'FARLAND'S LECTURE.

Dr. A. J. McFarland, pastor of the Covenant Presbyterian church at Beaver Falls, Pa., addressed the members of the Ministerial association and a few visitors in the Berry street M. Mr. McFarland is an earnest advocate of the amendment, and his address made a deep impression on his hearers.

An exhibition of Belgian hares in the window of H. G. Grameman's drug store is attracting much attention from the throngs who pass along Calhoun street daily. The pretty animals are from E. R. Gesaman's Fort Wayne rabbitry.

ANSWERS A QUESTION.

Mrs. Rorer's Reply in Ladies' Home Journal.

"I consider coffee as it is usually made in the American family—strong and from the pure bean—an injurious drink, especially for nervous people.

"No doubt the student to whom you refer can study better after taking a cup of coffee, but the new energy is caused by a stimulant, the effects of which will soon wear off, leaving him lower in nervous force.

"That is the reason he has headache and feels so miserable when he is without coffee. If it is only the hot drink he requires why not take a cup of clear hot water or a cup of Cereal Coffee?"

Mrs. Rorer is one of the most eminent authorities on food in America. She knows that Americans go on day by day using food and drink that sap their vitality instead of building it up, and it requires argument oft repeated to wake them up. Broken wrecks of humanity stumbling along, unable to carry out their cherished plans, are all about us and their physical weakness is nearly always due to improper food and drink. Coffee is a skilled destroyer of nervous strength. Postum Food Coffee is a delicious food drink made from selected parts of cereals that yield the elements Nature demands for rebuilding the nerve tissue all over the human body.

If it has ever been served to you in a weak, unpalatable drink, have it made over again and use two spoons to each cup and know that the actual boiling continues full 15 minutes. Our word for it, the Postum Coffee is delicious when properly made.

MORGAN AND THE CANAL.

New York, April 2.—Charles R. Flint, when asked last night regarding the report that J. P. Morgan had formed a plan to buy the Panama canal, said: "I have heard something of it, though nothing definite. I know nothing about it myself."

The Tribune this morning says: "J. Pierpont Morgan yesterday denied that his recent visit to Washington was in any way connected with the affairs of the Panama Canal company, or that he had any intention of visiting the property, as was reported in dispatches from the national capital."

GO TO DISTRICT MEETING.

Mrs. Charles Shaw has been elected to represent the Fort Wayne temple of Ruthbone Sisters at the district meeting to be held at Lagrange May 2 and 3. She will be accompanied by Mrs. Charles Braun, the M. E. C., who will deliver an address. It is probable that quite a large number of Fort Wayne members will attend.

Mrs. Ervin Bickford entertained a surprise party at progressive pedro last evening. The party met at the home of Mrs. H. C. Zollinger and proceeded to the Bickford home.

The government ought to put General Funston on the trail of the thieves in the Philippine army. He would have the whole gang of looters bagged and ready for trial before the moon changes.

What probably hurts the republican party of Toledo more than all else is the fact that "Golden Rule" Jones was first elected mayor as a republican. He left that party and now appears to have barred it from power as long as he wants to hold office in Toledo.

When Hon. Tom L. Johnson was nominted for mayor of Cleveland it was announced that the great single taxer's ambitions were in an ascending series. He desired to be mayor of Cleveland, then United States senator from Ohio and finally president of the United States. He has made a good start by being elected mayor of Cleveland. Does the rest of it follow?

Congressman Babcock's proposition to repeal tariff duties on trust-made articles meets with decided favor in Wisconsin and some other western agricultural states. Republican representatives from the east, however, think the passage of the Babcock bill would ruin the country beyond possible repair. Congressman Russell, of Connecticut, has been talking on the subject to the newspapers, and declares that he will never support such a measure unless it can be made to affect some other fellow's product exclusively. In plain English, no tariff protected industry is protected enough to suit its beneficiaries, and there is likely to be a union of the representatives of all protected industries to prevent the passage of the Babcock bill in the next congress.

On April 18 the chancellor of the exchequer will present the annual budget to parliament, and it is believed in England that as a means of raising additional revenue to meet the war burdens he will propose a customs duty on wheat. Should he do so, we may expect to see a heated agitation all over the United Kingdom. The old anti-corn law spirit is not dead, and it may be open to question whether parliament would sanction a return to the system of tariffs on food stuffs at the present juncture. It is perhaps improbable that the liberals will make a party question of the matter, or try to defeat the government on the proposition. Were they to do so, they might find themselves in the saddle and compelled to relieve the present ministry of its unwelcome task of tax gathering in behalf of the South African rat hole.

STRIKE STATUS UNCHANGED

PAINTERS AND PAPERHANGERS MUCH ENCOURAGED.

Customers Assure Them of Support and Sympathy—New Members In—Meeting Tonight.

There is little change in the strike situation today, beyond the fact that the union painters and paper hangers announce that they have been much encouraged by substantial assurances of sympathy and support from customers, who state that they will have no work done until the present differences between the union and the contractors is satisfactorily adjusted. They say the situation is most favorable, and they hope for an early recognition of their requests.

The union organization is proceeding carefully and in a systematic manner, and a score of committees are at work. This morning at the union meeting ten new members were received, bringing the membership up to about 120. Another meeting will be held this evening. The officials of the union state that they have been investigating the charge that journeymen have been contracting and thus taking work from the bosses, and are unable to find any member of the union who has been violating the rule which absolutely prohibits this.

Most of the contractors evidence a disposition to do what is fair and right in the matter, but they say they can not see their way clear to accepting the scale of the union so long as present conditions exist; that many painters and paper hangers contract and do their own work, thus bidding as low as they choose. The employers will hold a meeting this evening in the rooms over the Citizens' Trust company, and it may be that within the next twenty-four hours some satisfactory adjustment may be reached between the employers and the union workmen.

SITUATION COMPLICATED.

In discussing the strike situation today, L. O. Hull said: "While the majority of employing painters and paper hangers are perfectly willing to sign the scale proposed by the members of the Painters' and Decorators' union, it is to their interest that we should not do it. That may sound strange, but the facts of the case warrant the statement. For instance, if we paid the men according to their demand, thirty cents per hour for the paper hangers and twenty-seven cents for the painters, in order to make both ends meet we would of necessity have to advance the price of wall paper to our customers, and then what would be the result? Why, the paper hangers who work independently could buy the paper cheaper in Chicago or some other large city and hang it for considerably less money than we, who would pay higher wages, could. Very naturally these men would get about all the patronage and then our men would be idle. It would be much more to their benefit to accept the present scale of twenty-five cents an hour than to be out of work. I pay my paper hangers twenty-five cents an hour and the painters twenty cents, and I believe that this is as high a rate as any other firm in Fort Wayne pays, but I have not made a cent in five years in this line.

"The situation in a most complicated one and the only compromise that can be effected, as far as I can see, that would not injure either side, would be for the members of the union to agree to accept the scale that has prevailed. If every shop in the city could be unionized, it would put an entirely different face on the matter, for then there would be no cutting, but this is virtually impossible. Every independent hanger would not come in and the outsiders would cut under those inside. The masters are perfectly willing to accede to every reasonable demand, but under the present conditions it would be impossible to pay the proposed scale without actual pecuniary loss."

CARPENTERS AT WORK.

Rumors of trouble between the union carpenters and their employes are pronounced to be without foundation. It is said the union is rapidly getting its wage scale accepted by the contractors, and that several of the latter signed the agreement this morning. Twenty new members were received into the carpenters' union last evening.

L. J. Lallow, business agent of the Carpenters' union, stated to The Sentinel this morning that there were no union carpenters in the employ of contractors who had not signed the scale, and that but four members of the union were not at work.

Fort Wayne March, 28, 1901.

To Whom This May Concern:

I have been a sufferer from rheumatism for over twenty years. I have tried everything almost that I could find and found no relief. About two months ago Mr. George Godfrey told me to take Wright's Rheumatic Remedy and it would surely cure me. I tried it and am now on my third bottle and find it has cured me. I cannot recommend your remedy—Wright's Rheumatic Remedy—too highly, and I wish to say to my friends, if you are suffering from rheumatism or kidney trouble, by all means use it.

I have lived in Fort Wayne since 1859 and am now clerking in Lehman's clothing house. I again say, if you have rheumatism, use Wright's Rheumatic Remedy.

IN A DENTAL CHAIR

DEATH CAME QUICKLY TO MRS. ARTHUR CRAYTON.

HAD TAKEN LAUGHING GAS

IT PRODUCED PARALYSIS OF THE HEART.

POST MORTEM SHOWS CAUSE

WEAKENED HEART WALL AND FATTY DEGENERATION.

Mrs. Arthur M. Crayton, residing at 63 Boone street, died very suddenly while seated in a dental chair at the United States Dental parlors, on Calhoun street, Monday afternoon. The distressing affair occurred shortly after 4 o'clock. Mrs. Crayton had taken nitrous oxide gas and the coroner's post mortem shows a diseased condition of the heart that caused fatal consequences from the use of an anaesthetic that is generally accepted as the safest known to the medical profession. Death was due to paralysis of the heart following the use of the nitrous oxide.

Mrs. Crayton was apparently in excellent health and had done a heavy day's work at her household duties before she went to the office in company with a neighbor, Mrs. Andrew Craig, to have two teeth extracted. Dr. J. A. Williams, senior member of the dental firm, says the teeth were abscessed and that Mrs. Crayton asked to have them extracted painlessly. Nitrous oxide gas is almost universally recognized by the profession as harmless, and it is said that it is used in thousands of cases in this city every year. Dr. Williams, who most deeply deplores the sad affair, says it was administered with the patient's consent, though Mrs. Craig stated that as for herself she would not take it for all the money in Indiana.

HALF THE USUAL DOSE.

Dr. Williams says that not more than half the usual amount was administered to the patient and the two teeth were quickly extracted. At the beginning of the operation Mrs. Craig seemed to be overcome by the sight of the anaesthetic effects and left the room. Only Dr. Williams, his wife, who was assisting in the operation, and Miss LeGrass, residing at 106 Spy Run avenue, remained. After the teeth were drawn Dr. Williams applied ammonia to the nostrils to revive the patient, and in response to instructions Mrs. Crayton made a feeble effort to expectorate. About ten drops of whisky were administered and the patient swallowed this.

Despite the prompt and continued efforts to resuscitate her Mrs. Crayton did not revive, but feebly gasped a few times and expired. Dr. W. E. Stemen was hurriedly summoned from his office across the street and arrived two minutes later, but his efforts to restore the patient were fruitless. Death had ensued before he could reach the sinking woman.

HELD A POST MORTEM.

Coroner Barnett was summoned and the remains were removed to Peltier's undertaking establishment, where a post mortem examination was held by Dr. C. E. Barnett. Dr. Barnett says it disclosed that death was due to paralysis of the heart and that the fatal effects of the gas were due to the weakened condition of that organ. He states that he found a very pronounced degeneration of the heart and that the wall of the right auricle was extremely weak, being no thicker than tissue paper. The taking of the gas irritated the heart in its weakened condition, causing complete paralysis of that organ. Dr. Barnett says the heart's condition was such that any unusual excitement would have produced a rupture of the heart wall and have resulted in death, and he does not believe that death could have been long delayed even had the gas not been used. Kidney trouble of a pronounced type was also present.

NOTIFIED THE HUSBAND.

The terrible news that his wife was dying was borne to the husband, who is a painter employed by the Indiana Road Machine works, and he hurried to the city. Death had ensued and the remains were at the undertaking establishment before he could arrive. After the post mortem the body was removed to the saddened home on Boone street.

Mrs. Crayton was but twenty-nine years of age and was a most estimable lady, who possessed a wide circle of friends, to whom the news of her sudden death is a profound shock. She was a daughter of Mr. and Mrs. Levi Binkley, of Lake township. Her marriage occurred eight years ago. Besides her husband and parents she leaves four small children and five sisters and a brother.

The funeral services will be held from the residence Wednesday afternoon at 2 o'clock, Rev. J. C. Breckinridge officiating. The interment will be at Lindenwood.

FURTHER POST MORTEM.

It was further stated this afternoon that in response to the desire of friends a further post mortem examination upon the remains of Mrs. Crayton would be conducted by the family physician, Dr. G. B Stemen, who was not present at the coroner's examination.

ABOUT THE CITY HALL.

The committee on rules, regulations and ordinances met at the city hall last night to confer with the electrical workers and others interested in the passage of the ordinance providing for the appointment of an electrical inspector. The matter was discussed at great length and the necessity for such an official was most vividly demonstrated. Telephone linemen and electrical constructors explained to the committee that the scarcity of fires resulting from improper wiring is simply a matter of good fortune. Some of the wiring is shockingly done, it was stated, and the exposure of linemen is very dangerous owing to the fact that electric light and trolley wires have the insulation so badly worn off that it is absolutely perilous to undertake to handle a wire in the air, except with the greatest caution. All these dangers could be averted if the electrical construction was properly done under the supervision of an expert in the first place. The ordinance will be amended to provide for the proper insulation of trolley cross supports, and with a few other amendments will be presented to the council with a recommendation that it pass.

At the meeting of the board of works yesterday Emmet Martin and twenty others asked for the paving of Williams street, from Calhoun to Clinton, Buchanan street, from Lafayette to Winter. The petition was filed. A declaratory resolution was passed for vacating an alley running north from Putnam street to the alley south of Archer avenue, and the engineer was instructed to prepare plans for relaying the sidewalks on the west side of Warsaw street, from Taber to Pontiac, and for new sidewalks on the west side of Warsaw, from Taber to Suttenfield.

IT IS IMPORTANT.

To Know What You Are Taking When Using Catarrh Medicines.

Catarrh is the short route to consumption, and the importance of early and judicious treatment of catarrh, whether located in the head, throat or bronchial tubes, cannot be too strongly emphasized.

The list of catarrh cures is as long as the moral law and the forms in which they are administered, numerous and confusing, from sprays, inhalers, washes, ointments, and salves to powders, fluids and tablets.

The tablet form is undoubtedly the most convenient and most effective, but with nearly all advertised catarrh remedies, it is almost entirely a matter of guess work as to what you are taking into your system, as the proprietors, while making all sorts of claims as to what their medicines will do, always keep it a close secret as to what they are.

The success and popularity of the new catarrh cure, Stuart's Catarrh Tablets, is largely because it not only cures catarrh, but because catarrh sufferers who used these tablets know what they are taking into their systems. Stuart's Catarrh Tablets being composed of Eucalyptol, Hydrastin, Guaicol and similar valuable and antiseptic ingredients, and are pleasant to the taste and being dissolved in the mouth they take immediate effect upon the mucous lining of the throat, nasal passages and whole respiratory tract.

The cures that Stuart's Catarrh Tablets have accomplished in old chronic cases of catarrh are little short of remarkable, and the advantage of knowing what you are putting into your stomach is of paramount importance when it is remembered that the cocaine or morphine habit has been frequently contracted as the result of using secret catarrh remedies.

Stuart's Catarrh Tablets meet with cordial approval from physicians, because their antiseptic character render them perfectly safe for the general public to use and their composition makes them a common sense cure for all forms of catarrhal troubles.

Omega Oil

IN OLD AGE—As people get old their bodies dry up, like plants when winter approaches. Their skin wrinkles and their joints harden. The back aches. The shoulders and arms get lame. The legs become weak. The feet are tender and sore. The natural oils of the body are exhausted, and something is needed to produce the strength and vigor that Nature herself supplies in the earlier years of life.

The best thing for this is Omega Oil. It is a godsend to the aged if ever there was one. It makes the declining years of life free from the pains that come as the days go by. Many a grandfather and grandmother find in Omega Oil the only thing that does their aches any real good. They simply rub it on their sore spots, and the pain stops. It is good for everything a liniment ought to be good for.

Never take a substitute for Omega Oil. If your druggist persistently refuses to give what you ask for, the Omega Chemical Co., 257 Broadway, New York, will mail you a bottle, prepaid, for 50c. in cash, money order or stamps.

WABASH TO FORT WAYNE

PERU CAPITALISTS PROJECT A NEW ELECTRIC LINE.

Company, Headed by A. N Dukes, Incorporated at Indianapolis —Sticks to Towpath.

An Indianapolis dispatch says the Fort Wayne and Wabash railway company was incorporated Monday, with a capital stock of $50,000. Its electric line will extend from Fort Wayne to Wabash, a distance of about forty-two miles, passing through the counties of Allen, Whitley, Huntington and Wabash. The railroad is to be built along and on the line of the old Wabash and Erie canal. The incorporators are Aaron N. Dukes, Richard A. Edwards, William B. McClintick, L. C. Stewart, John F. Unger, Elbert J. Dukes and E. W. Shirk, all of Peru.

Mr. Dukes originally took up the electric railway proposition several years ago and secured an option upon a portion of the old canal towpath owned by H. C. Paul, Charles McCulloch and C. S. Bash, of this city. The line was never built and the owners, claiming Mr. Dukes' option has expired, recently sold the towpath between Roanoke and this city to the Fort Wayne and Southwestern company, which is now building upon it. Mr. Dukes filed a suit in the superior court here to restrain the transfer to the Southwestern people, but was non-suited and has now appealed to the supreme court. The Nickel Plate road is also pressing a claim on Mr. Dukes for a part of the canal property and last week the Southwestern people began proceedings at Huntington to condemn the canal from Roanoke to that city. All in all, the towpath seems to be in lively demand as an electric line right-of-way and it will have to be widened to hold all the roads projected upon it.

A FORT WAYNE COMPANY.

Indianapolis, April 2.—The Atlas Metal Pile company, of Fort Wayne, capital stock, $20,000, was incorporated yesterday. The incorporators are Maurice Goldberger, Charles S. Bash and John M. Landenberger.

CHOKED ON A PIECE OF MEAT

IGNATIUS GEISER EXPIRES AT THE SUPPER TABLE.

Uncooked Ham Lodged in His Throat and Could Not be Removed—Seventy-one Years Old.

Seated at the supper table at the Nine Mile house, in Pleasant township, Monday evening, Ignatius Geiser, seventy-one years of age, choked to death upon a piece of meat which lodged in his throat and defied all efforts to remove it. The remains were left in a sitting posture until the arrival of Coroner Barnett two hours later.

Geiser was unmarried and for some years had made his home with John J. Reehling, in Pleasant township, working about the neighborhood at such employment as was offered. Monday morning he complained of illness and drove with Mr. Reehling to Poe to consult Dr. Lafollette. From Poe Geiser walked to Nine Mile, arriving about noon, and went to the hotel owned by Anthony Hubb.

Geiser stated that he was ill and was given permission to lie down. He did not arise until late in the afternoon, and when supper was announced ordered some raw ham. The meat was brought to him, but the first bite he took lodged in his throat, causing violent suffering. Others who were about the house did everything possible to relieve the unfortunate man, but the effort was futile, and he died in a short time, still seated in his chair. Mr. Geiser had no immediate relatives in this county. He was a cousin of Joseph Moenmer, of this city. The remains were removed to Mr. Reehling's home, where the funeral will be held Thursday.

PIONEER GONE FROM EARTH

MRS. SARAH M. WEIKART DIED THIS MORNING.

Was a Resident of St. Joe Township Forty-five years—Other Deaths and Funerals.

Mrs. Sarah Martha Weikart, a pioneer resident of St. Joe township, died at 4 o'clock this morning at the home of her daughter on Ruth street. Mrs. Weikart was seventy-eight years of age, and her death was due to stomach trouble, from which she has been a sufferer for some months.

For forty-five years Mrs. Weikart was a resident of St. Joe township, where her husband died seventeen years ago. Three months ago the aged lady came to the city to make her home with a daughter. She was widely known and highly esteemed. Surviving are five sons and four daughters. They are Jacob, James, Morris, Curtis and Sylvester Weikart, Mrs. Margaret Bogart and Mrs. Sarah J. Knight, of this city; Mrs. Lavina Parker, of St. Joe township, and Mrs. Laura Meese, of Churubusco.

The funeral services will be held at a time to be announced later. The interment will be at the St. Joe cemetery.

STRAW.

Mrs. Sarah E. Straw, of Bluffton, died this morning from cardiac failure at St. Joseph's hospital, where she had been a patient for the past three weeks. Mrs. Straw was 49 years of age and the wife of D. F. Straw.

The remains will be shipped to Bluffton this evening.

FUNERAL ANNOUNCEMENT.

Lehmeyer.—The funeral of Mrs. Dorothy Lehmeyer will be held Wednesday afternoon at 2 o'clock from the residence in Adams township, and at 2:15 o'clock from St. Martin's Lutheran church, the Rev. Stock officiating.

DANCING TO GRAPHOPHONE MUSIC.

With the general introduction of the graphophone, as a provider of dance music, says the Trenton, N. J., Times, the occupation of the old time "fiddler" will be largely done away with. The graphophone has already been tried in Trenton with very satisfactory results and the novelty is likely to be continued. The old saying that "he who dances has to pay the fiddler" will need to be changed to the more modern phrase of he who trips the light fantastic will have to contribute toward the purchase of some new records. The graphophone appears to be but in its infancy as regards its practical uses. By and by it will replace the young man who practices incessantly on the cornet and the young lady who drums continually on the piano and then the whole neighborhood will rise up and call it blessed and erect a monument in memory of its inventor.

The Columbia Phonograph company, No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

A PESSIMISTIC VIEW.

London, April 2.—Presiding today at a meeting of the Barrow Hoematite Steel company, the duke of Devonshire, lord president of the council, took a pessimistic view of American and other foreign competitors. He said the total orders for rails given to British makers in 1900 had now reached 50 per cent. of the orders given during the preceding four years. Competition did not account for the whole decrease. Either less rails were required or buyers were waiting in expectation of lower prices.

we are conducting this plan as a method of advertising. It costs us just what we get. But it ought to bring all the collar trade of Fort Wayne here. It will bring everybody who knows of it.

Think of it. 4-ply Linen Collars for 10 cts,, and $1.20 buys enough for a lifetime.

Wolff's $3 Hats.

We sell for $3, the best hat that money can buy. They come in the best styles of the season. No man can make a better hat. When you pay $5 you get just the same quality but pay $2 extra for the label in the top.

Other good hats for $1.50 and up.

Wolff's $1 Shirts.

We sell for $1, a fancy shirt worth $1.50.

We buy these for just 50c less than the same grade costs under an advertised name. The whole saving goes to you.

PLOT TO ASSASSINATE.

Berlin, April 2.—The Vossiche Zeitung today prints a special dispatch from Lemberg, in which, based upon information received from Warsaw, it is said that the Russian minister of the interior, Privy Councillor Simiaguine, was recently shot at, but that the plot to assassinate him failed.

The students of the University of Warsaw have been preparing a great demonstration as a mark of sympathy for their Russian comrades.

In Poulavy the Astronomic institute has been closed because the students have engaged in riots.

In Bialystok, Russian Polland, a socialist funeral occasioned big riots. Thousands of persons paraded the streets singing revolutionary songs and shouting, "Long live liberty."

The military finally quelled the disturbance, but not without considerable bloodshed.

ABOUT BASE BALL.

There is an almost universal protest from the National and minor league players against the new base ball rules adopted by the National league at its schedule meeting, and which will be enforced this season in all organizations playing under the national agreement. The only players not bound by the new rules are those of the American league and the college and semi-professional independent teams throughout the country. It is now claimed that these obnoxious rules were responsible for several of the National league players deserting the old organization, and it was in a measure due to that fact that the American league magnates decided at the spring meeting to play under the rules in force last season. The new rules that are the most objectionable are: Calling legitimate fouls strikes, unless two strikes have been charged to the batsman; permitting pitchers to hit batsmen at the expense of only a called ball; penalizing pitchers for throwing to bases, to catch base runners, thus giving the latter a big advantage; forcing pitchers to deliver the ball within twenty seconds after taking position in the box.

SOME NEW RULES.

Bats this year must be made entirely of hard wood, though some overzealous players may acquire a few of other compositions during the season.

Under the new rules a pitched ball hitting the batter will be scored as a ball, but there is nothing in the rules to prevent a strike being made against the pitcher after the game.

The Spalding League ball or the Reach American ball must be used in all games, but those of Scotch make will undoubtedly be popular in practice after the games.

If the umpire calls "game" on account of darkness or rain at any time after five innings have been completed, the home team being at bat with three men on bases and needing but two runs to win the game, it shall be permissible for the spectators to mob the umpire.

A fielder must use his hands, not his hat, cap or any other object, in catching a ball and fielding the same, but on the local field in case the ball lodges in the tree in right field a ladder may be brought into play.

NOTES OF THE GAME.

Norman Bruhear will leave for St. Louis next Tuesday, where all of the Kansas City team will report on the 10th. The club will remain in that city five days, two for practice, and will play exhibition games with the National league team on the 13th, 14th and 15th, and will then go to Kansas City.

Indianapolis players were ordered to report at that city to commence practice this morning. Watkins agreed to furnish snow shoes.

The Anderson team has been officially turned over to Grand Rapids. These players, with those signed elsewhere, gives the Michigan town a pretty fair line-up of about eighteen men.

Dayton has signed a new left-handed pitcher, John R. Moore. Pitcher Wicker, of the Dayton team, has been given a leave of absence until April 20. Wicker is coaching the Indiana University team.

George Ellis, of the Grand Rapids team, has made George Rettger an offer to pitch for the Milkeigan town. Rettger would shine in the Western association.

Wadsworth, who pitched for the locals last year, will not wear a Fort Wayne uniform this year, having thrown down Fort Wayne in favor of Jack Glasscock's Minneapolis team. Waddy, who is a fine pitcher, is an unusually heavy batter.

Mansfield fans want base ball this year, and they are talking of organizing a state league to consist of Mansfield, Akron, Sandusky, Canton, Newark, Findlay and Zanesville. Every effort will be made to form a league comprising the above mentioned cities.

Tom Letcher, who covered center garden in Fort Wayne a part of last season, will do stunts in the middle field for Omaha this year.

The Indianapolis Press says: "Charles Strobel, of the Toledo team, who was in the city yesterday, left for home last night. It is not believed that he got any satisfaction from John T. Brush in his effort to have the National league restore to him Catcher Beville and Turner and Hartman. These players were signed by Western league clubs after the Interstate league had failed in renewing its right to protection."

The Marion club has elected the following officers: President, Sol Aliman; secretary-treasurer, C. W. Halderman; manager, F. D. Brosie; assistant manager, E. J. Ansley. The make-up of the Marion team has not yet been made public.

Frank Metz, who will be remembered as the big first baseman of the Indianapolis Western league team, has been engaged to manage, captain and play first base for the Columbus club. Manager Metz was notified that his terms had been accepted and ordered to report at Columbus today.

H. C. Gastreicht this morning telegraphed his acceptance of terms as a Western association umpire. His acceptance now completes the staff.

Manager Miller has ordered all players to report here April 10. They will commence dropping in about Monday next. Fricken was telegraphed $50 advance money today.

President Meyer has completed his schedule for the season. His, with others, will be submitted to the club owners who will meet at the Galt house at Louisville next Saturday night. The schedule will probably be given out for publication about next Monday.

Mayor Scherer today received a telegram announcing the death at Elgin, Ill., of Conrad Bechlinger, his wife's cousin. Mr. and Mrs. Scherer will leave tomorrow night to attend the funeral, which will be held on Thursday. Mr. Bechlinger frequently visited here and was well known in the city.

THE DAY ON WALL STREET.

New York, April 2.—There were wide openings on the transfer of heavy blocks in the United States Steel stocks and Burlington, the latter rising a point at the extreme high level.

Manhattan was strong at an advance of over a point and a number of the constituent stock companies and also the independent companies were strong at gains of a point in some cases.

St. Paul rose a point and the majority of stock showed fractional gains, but there were a few important exceptions on the side of light losses.

General selling followed Burlington's rise of 2¾ and St. Paul and Delaware rose 1½. Practically every railroad and industrial stock of prominence declined below yesterday's closing. The advance in Tennessee and United States Steel was wiped out, but when Colorado Fuel advanced 4 points all the Steel stocks hardened. Enormous offerings met the rise in United States Steel stocks and they reacted again to below last night's.

Generally speaking prices fell from ½ to 2 points below last night. Prominent stocks among the Pacifics, Trunk lines, local tractions, Coalers and specialties were a point or more under last night.

Quick profit-taking by the bears caused some fractional rallies before the end of the hour.

Stocks hich had wrecked the largest losses advanced from 1 to 2 points when the shorts covered, and the rally was helped by a rise to 143 in Sugar.

Meanwhile the Steel stocks were offered freely. United States Steel preferred declining to 96. By noon the general undertone was firmer and the market quieter.

Texas and Pacific was heavily bought at an advance of over 3 points and Amalgamated Copper gained as much.

Bonds were lower.

PRETTY ROMANCE WRECKED

MRS. F. A. REIMANN SUES FOR A DIVORCE.

Reconciliation With Long Absent Husband Was a Mistake—The News of the Courts.

Attorney F. H. Kleekamp knocked a very pretty romance in the head which the newspapers had all fixed up Monday. The Sentinel Monday evening related the story of Mrs. F. A. Reimann, whose husband was mourned for dead for a number of years and how she became impoverished and finally sued for support so that she might get an order of court to sell certain real estate which her husband owned. The story went on to say that within a couple of weeks after proceedings were instituted the husband showed up, a reconciliation was effected, the husband went to work, the suit was dismissed and everything was lovely as a genuine Enoch Arden affair should be, with the second husband cut out. Now comes along Mr. Kleekamp, who Monday evening filed a suit for divorce on behalf of Mrs. Reimann and the reconciliation does not reconcile worth a cent, and Mr. Reimann didn't go to work and didn't split the wood. Mr. Reimann is not a workman at all but a preacher, who formerly did some gospel work in Bloomingdale; he also owns a strip of land of thirty-three acres lying in Washington township, right north of the city limits. He and his wife have had trouble of long standing and finally he left her. Some weeks ago she went to a law firm to commence divorce proceedings, and that is what she thought she had done until the case came to trial Monday. She cannot understand much English and her attorneys could not understand much German and so there was a misunderstanding all around. After she discovered what the court had done she went at once to a German attorney and instituted new proceedings. She made no sensational charges, although she said she could, but did not want to injure her ministerial husband, who has a charge at Richmond now. She charged desertion for a period of two years, which is sufficient, and she declares it is impossible for her to live with him again, although he has been staying at her home in this city since his return last Monday.

ABOUT THE COURT HOUSE.

The case of Samuel W. Harmon vs. Rosina Hyde, involving the Harmon estate, was today amicably settled and dismissed.

Moses Higgins has been appointed administrator of the estate of Harvey Higgins.

Judge Aiken today divorced Walburga Ulmer from Christian W. Ulmer.

The case of McIntyre vs. Kerr Murray Manufacturing company has been set for May 1.

Jennie Williams today made application for divorce from Benjamin Williams. Benjamin was in police court this morning, but is now in jail. A restraining order was also issued preventing Mr. Williams from molesting his wife and from disposing of any of his property.

The cases of Freedman vs. Hashavy and Emrick vs. Emrick were today dismissed in the superior court.

The commissioners today transacted only routine business.

Sheriff Stout has been notified that the Strodel-Fairfield elopement was no elopement at all; the young folks had simply gone out for a buggy ride and remained out a little late. The parents are very indignant at the newspaper notoriety achieved by the young couple.

Arthur and Richard Dunlop, two little tots aged about seven and nine years, were arrested today and taken before Justice Huser to answer to a charge of assaulting and provoking Elmer Jacobs and George Turner. The little fellows have been arrested before for various offences and have previously escaped punishment on account of their extreme youth.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

OFFICIALS COMING

VICE PRESIDENT WOODS AND MANAGER POTTER.

THE R. H. MYTON FUNERAL

HERE TOMORROW AND MONROEVILLE THURSDAY.

MARCH CAR SERVICE REPORT

FELL SHORT OF THE CORRESPONDING MONTH OF 1900.

Third Vice President Joseph Woods, of the Pennsylvania, will be in the city this evening, arriving in his special car on No. 11. He will leave tonight for Grand Rapids, where business for the company will occupy his attention tomorrow. Tomorrow evening General Manager G. L. Potter will arrive in the city, coming by way of Toledo, over the Wabash road, at 5:40 o'clock. Mr. Potter has been out on the Pennsylvania lines for several days.

BOILERMAKERS' UNION.

The preliminary steps towards organizing a boilermakers' union were taken several days ago and last evening, at the Trades and Labor hall, the organization was advanced to the final stages. All that remains to be done in that direction is to receive the charter, which has been applied for, and to elect the officers of the local union. Five delegates to the Trades and Labor council were chosen at the meeting last night and they will take their places in that body at the next meeting of the council. Addresses were made last evening by William S. Frohlinger, of Indianapolis, state organizer, and by H. C. Hoeltje, chairman of the organizing committee of the Trades and Labor council.

THE MYTON FUNERAL.

The remains of the late Robert Harlan Myton, whose death occurred at Lafayette Sunday night, under most distressing circumstances, were brought here last evening on a Wabash train and taken to the family residence, No. 113 Holman street. Funeral services will be held at that number at 11 o'clock tomorrow morning, under the auspices of the local lodge of the Brotherhood of Railway Trainmen. Interment will be made at Monroeville, where the remains will be taken on Pennsylvania train No. 22, leaving the city at 12:30 o'clock. The funeral services and interment at Monroeville will not take place until Thursday afternoon, when the Brotherhood will go down to participate in the sad rites. The lodge members will meet at the hall, No. 140 Calhoun street, at 11:30 a. m., and march in a body to the Pittsburg depot, where they will take train No. 22 for Monroeville. They will be accompanied by Wayne Tent band.

The peculiar circumstances under which Mr. Myton came to his death and which were not obtainable yesterday in time for publication in The Sentinel last evening are told as follows by the Lafayette Morning Journal:

"Myton's death was the result of natural causes. He had gone south on his first regular run as a member of Conductor Daniel Corthun's crew. He was coming north yesterday on an extra drawn by engine No. 210, Fred Smith, engineer. The train stopped at Bainbridge between 5 and 6 o'clock last evening to attach some cars. Myton and the rear brakeman, George Hinds, had ridden to the side truck on a coal car, and were talking after the car had reached the main track and stopped. While they were talking, Myton was seized by a fit and began frothing at the mouth. He fell from the car to the ground, where he passed into unconsciousness without uttering a word. He was placed in the caboose and was taken to Roachdale, where a physician was called and medicine was administered. The doctor was unable to say what was the trouble. Myton had been complaining about his eyes and head hurting him, but did not seem to think that it was anything serious. He did not speak after falling from the car, and it is supposed that his death was caused by heart trouble."

After stating that Myton was taken to Lafayette and taken to St. Elizabeth hospital, where it was discovered he was dead, the Journal describes a number of papers which were found on his person, among them a diary from which the following concerning his life is learned:

"He had worked on a number of railroads, including the Findlay, Fort Wayne and Western, from November 25, 1895, to January 1, 1899. He went from that road to the Cincinnati Northern, where he was employed from June 30 to September 29, 1899. He took employment with the Wabash road at Decatur, Ill., on October 11, 1899, and remained there until May 15, 1900. He was with the Grand Rapids and Indiana from July 9, 1900, to the first of last January, and during that time made his home in Fort Wayne."

The Journal says the diary refers to an accident on the Wabash road, shortly after commencing work upon that line, and of his being in the company's hospital at Springfield. That accident was undoubtedly being struck by an overhead bridge and having his skull fractured, as mentioned in The Sentinel yesterday. It is believed by some of the friends of the deceased that his death was the result of that accident.

A NATURAL TUNNEL.

It is not unusual in railway location to find tunnels already built, but an interesting exception in this regard was experienced in the construction of the Virginia and Southwestern railway some years ago. At a point thirty-two miles south of Big Stone Gap, Va., on the line between that point and Bristol, Tenn., the road runs for a distance of 185 feet through a natural cave, in which it was necessary to blast for a distance of only sixty feet in order to secure a desirable alignment for the track. The engineers who were responsible for the location of the road through this romantic locality declare that the route was a matter of "natural selection," the tunnel being directly in line of the projected railroad, and was not sought as a curiosity. This circumstances of the location has given to the road the name of the "Natural Tunnel route."

A CAR KITCHEN.

A car kitchen is a new experiment which is being made by the New York Central on its Empire State express. It is not deemed practicable to add the weight of a dining car to the train, and the furnishing of meals to the passengers has heretofore been a serious question. It was finally decided to try the experiment of taking a portion of one of the long coaches with which this train is equipped and put in a small kitchen similar to those used in the regular dining cars. Movable tables enable two persons to enjoy a meal without disturbing any one else in the car.

GORLESS IS GUILTY.

Captain Scoll has been notified that Peter Gorless, the man who was arrested by Patrolman Bates and Bigelow on charge of breaking car seals and larceny, has been found guilty and fined $25 and costs. In default of paymen Gorless has been confined in the Grown Point jail.

CAR SERVICE REPORT.

H. M. Elliott, agent for the Indiana Car Service association, has compiled his report of the March business which came within his jurisdiction. There were 1,268 cars handled, against 1,409 during the corresponding month of last year. This is a decrease of 141 cars, which is a surprise to Mr. Elliott, who at the beginning of the month was led to believe that March was going to beat the record for spring months. There was a noticeable decrease in the number of coal cars handled this year, due to the improved condition of the natural gas supply, but the number was not great enough to cut much of a figure in the total business of the month. February, 1901, showed a business of 1,212 cars, which is not so bad when we take into consideration that the month has only twenty-eight days. The reader must bear in mind that Mr. Elliott's report does not include any through business nor cars that are loaded or unloaded at the various freight houses of the city.

RELIEF IN GOOD SHAPE.

Advisory Member F. G. Olds, of the Pennsylvania Voluntary Relief association, has just completed a tour of the territory he represents and reports everything in that connection in good shape. Mr. Olds says the association is growing in popularity and that there is less complaint or alleged grievances to be heard now than there was a few years ago, notwithstanding the greater number of members. The election of advisory members will not take place until the middle of May.

INDUSTRIAL NOTES.

Lake Shore section men have secured a ten-cent increase in wages.

Purchasing Agent Frank Brown, of the Pittsburg, has gone to Chicago on railway business.

Peter Piehl, a helper in the Wabash blacksmith shop, quit his position there this morning.

Nickel Plate Engineer Charles Titus, who had been taking a lay off, reported for work yesterday.

Yardmaster W. W. Waterson has mastered the grip and is about attending to the duties of his office as usual.

Machinist Michael Ehrman, of the Pittsburg shops, has gone to Heller's Corners to attend the funeral of a relative.

George Kallenbach, who has been sick a few days, resumed work in the Pittsburg roundhouse this morning.

D. Thiele, of the Pittsburg shops, and his wife are preparing for a visit with relatives and friends in Richmond, Ind.

Capt. H. Stoll, of the Pennsylvania police department, is in Grand Rapids today on business connected with the department.

Thomas Cavanaugh returned to his work in the Wabash blacksmith shop this morning. Several days ago he had a leg injured.

Willis Sherer, late of Van Wert, O., has taken a position in the Wabash carpenter shop. He will soon move his family here.

On its Cairo division the Big Four company has combined the offices of trainmaster and chief dispatcher, with E. A. Toulon at the head.

Mrs. C. Worth, mother of Operator G. J. Worth, of the Pennsylvania offices, is visiting the later. Mrs. Worth resides in Sandusky City.

Some of the water pipes at the Nickel Plate yards that have been down a number of years are being taken up and replaced by new ones.

John and George Smith, of the Wabash blacksmith shop, and their families left today for Springfield to visit their father, who is very sick.

Yard Conductor William Mayes is taking a few days' vacation and during his absence George Sunley is looking after the Pittsburg transfer engine and its crew.

Brakeman F. C. Wolt is sick and Brakeman W. B. Pierce, who had been off duty eight or ten days, reported for work yesterday. They are Nickel Plate employes.

Engineer George Mullen and Fireman C. Fisher have been assigned to Nickel Plate engine 27, which has just left the Stony Island shops, where it was practically rebuilt.

Engineer P. W. Donahue, of the Nickel Plate, is quarantined on account of one of his children having the diphtheria. He will probably be unable to work for several days.

Agent Joe Sunderland, of the Lehigh and Wabash dispatch, who had been spending a couple of days here, combining business with a visit with his relatives, left this morning for Chicago.

Another train load of dressed beef for export passed through the city at 8 o'clock last night, over the Nickel Plate. There were twenty-five cars in the train. Morris & Co., of Chicago, were the shippers.

There were honorary and active pall bearers at the funeral of the late Peter Harber yesterday. The honorary pall bearers were Henry Loos, George Jacoby, Conrad Trommel, John Wessel, Barney Roth and Leopold Helfer, and the active pall bearers were J. O'Rourke, Peter Carter, William Koehl, Michael Kinder, Hugh T. Hogan and August A. Goecke.

Fred Knop, an apprentice in the Wabash machine shops, had his right thumb mashed in some machinery this morning. He will be laid up for awhile.

Engineer W. C. Kelker, of the Grand Rapids and Indiana road, is sick and off duty. Charles E. Loughbrake, a brakeman on the same road, is also off duty on account of sickness.

J. W. Irwin, a boilermaker, was injured in the Pittsburg shops last evening and will be unable to work for a few days. He was cutting staybolts, when the chisel bar flew around, hitting and bruising one of his legs.

The work of double tracking the Philadelphia and Erie division of the Pennsylvania system is to be commenced at once. The contract for laying a second track between Keating and Lockhaven, a distance of twenty-four miles, has been let.

Conductor George McCormick and Brakeman C. Vanderman, of the Nickel Plate, are taking a few days' rest. Conductor Frank Maxwell and Brakeman A. B. Conn have reported for duty on that road. Mr. Conn was visiting friends in Liepsic, Ohio.

E. L. Field, J. E. Wooley, W. J. Neixer, C. A. Sites, E. C. Keith, F. Galland, John T. Rost, W. S. Sands, X. Klinkenberger and F. E. Walda are sick and A. J. Huber and C. Dickmeyer are off duty to look after some private affairs. All are employed in the Pitsburg shops.

The Lackawanna road will have an exhibition at the Pan-American exposition, is being a train 650 feet long, made up of the most modern equipment, consisting of an engine, baggage car, coach, parlor car, freight and coal car. It will be one of the most complete exhibits in the transportation building.

There appears to be an increase of sickness among the engineers and firemen on the Pittsburg road the past three or four days. Yesterday's list of absentees on account of sickness was unusually long and today's list also contains more than the usual number of new names. Grip or bad colds are the prevailing maladies. Among the absentees today are Engineers E. L. Tenney, C. J. Pierson, C. C. Ellenwood, Richard Truesdale, C. M. Somers, George Ek and Harry Kelker and Fireman H. F. Harpor. Mr. Tenney is off to look after private affairs and Messrs. Kelker and Ek are off duty on account of sickness in their families. The others are sick. Engineer George Vanosdale is off duty on account of the death of a relative.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

SEE WHAT YOUR FELLOW-TOWNSMAN, L. A. CENTLIVRE, HAS TO SAY.

Fort Wayne, Ind., Mar. 27, 1901.
Wright Medicine Co.,
Peru, Ind.
My Dear Sirs:—It is with pleasure I write you concerning your most valuable remedy, known as Wright's Rheumatic Remedy, the great Canadian cure.
I have been a sufferer from sciatic rheumatism in the very worst form for more than two years. I was at Mt. Clemens, Hot Springs and West Baden and found no relief whatsoever. I was entirely discouraged, as it laid me up bedfast most of the time and I could not move a limb. I had given up all hopes of recovery, when one of my employes insisted I should take your remedy. I did so, and after taking one and one-half bottles I was perfectly cured. I can walk straight and all my pains have left me and I am now in the best of health.
I cannot speak too highly of your remedies and anyone wishing to find out its merits can write me and I will be pleased to verify the above statement. Respectfully yours,
LOUIS A. CENTLIVRE,
President of the C. L. Centlivre Brewing Co.

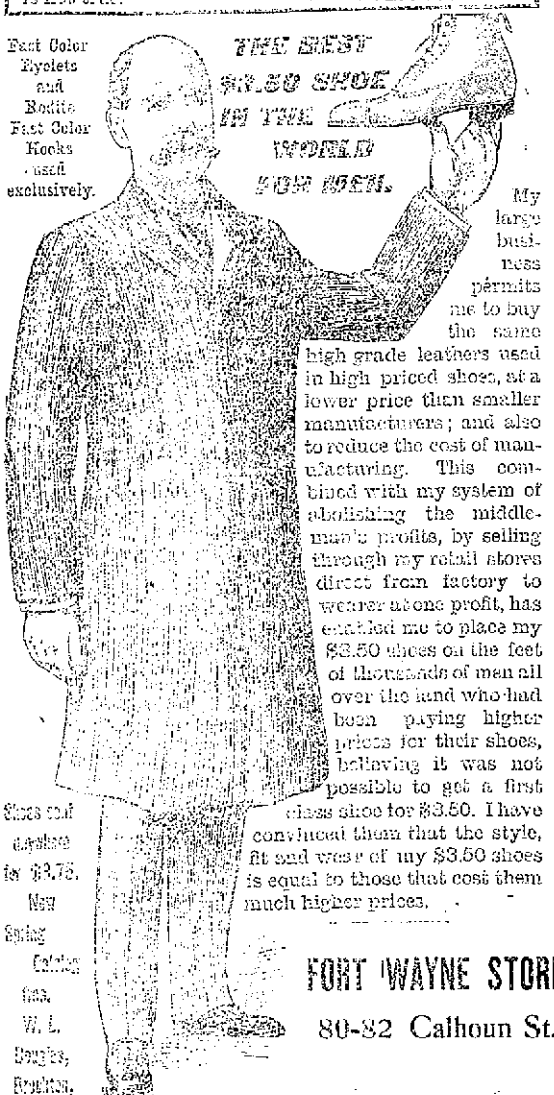
W. L. DOUGLAS $3.50 SHOE UNION MADE

My $3.50 shoes, placed side by side with high priced shoes, are found to fit just as good, and it is impossible to see any difference. I make and sell more men's fine shoes, Goodyear Welt (Hand-Sewed Process) than any other manufacturer in the world. I will pay $1,000 to any one who can prove that my statement is not true. W. L. DOUGLAS.

Fast Color Eyelets and Bodies Fast Color Hooks used exclusively.



My large business permits me to buy the same high grade leathers used in high priced shoes, at a lower price than smaller manufacturers; and also to reduce the cost of manufacturing. This combined with my system of abolishing the middleman's profits, by selling through my retail stores direct from factory to wearer at one profit, has enabled me to place my $3.50 shoes on the feet of thousands of men all over the land who had been paying higher prices for their shoes, believing it was not possible to get a first class shoe for $3.50. I have convinced them that the style, fit and wear of my $3.50 shoes is equal to those that cost them much higher prices.

Shoes sold anywhere for $4.00. New Spring Catalog free. W. L. Douglas, Brockton, Mass.
